Stronger Defense Is Urged In Wake Of Plane Incident

WASHINGTON (AP)—The gruff terrifying words: "The target is burning. I will finish him off, boys," echoed on Capitol Hill today with shocked demands for stepped-up defense programs.

The words, the State Department says, were those of Soviet jet pilots shooting down an unarmed U.S. transport plane.

At least 6, possibly 17, American airmen died in the fiery crash Sept. 2 of the unarmed C130 transport near the border between Turkey and Soviet Armenia.

The plane admittedly had wandered across the border and over Soviet territory, but the State Department expressed a suspicion the crew may have been misled by Soviet radio signals.

State Department officials Thursday disclosed they have a graphic recording of harsh, braking voices they said were those of Soviet pilots sending the plane into its death plunge. An English translation was made public.

The department said the recording was absolutely authentic but

would not say where it came from. The recording appeared to have caught Soviet First Dep. Premier Anastas I. Mikoyan in an uncon-

fortable spot. He brushed off several inquiries about the plane on his recent visit here and treated it as a routine crash.

The Russians turned over the bodies of six crewmen a short time after the crash but have consistently denied any knowledge of the 11 other airmen aboard the plane.

As two of the plane's unidentified victims were buried today with military honors in Arlington National Cemetery, two members of the Senate Armed Services Committee renewed demands for a speed-up in the defense program.

Sen. Stuart Symington (D-Mo.) said: "It becomes more and more clear that some day we will have to stand against the growing Communist aggression. We will never put our defenses in a proper position to take that stand by tailoring our defense to a balanced budget."

Sen. Henry M. Jackson (D-Wash.) said the attack was the outgrowth of "a weakening defense posture on our part."

U.S. Accused For Delay Of Safety Pier

New York Agency Says LaGuardia Had Been Ready 3 Years

NEW YORK (P) — A city agency says the federal government is responsible for delay in safety improvements at La Guardia Field, destination of an American Airlines plane which crashed into the East River Tuesday night.

A spokesman for the Port Authority of New York, which operates La Guardia, said Thursday the authority has been ready for three years to build a pier off Runway 22 to provide approach lights for aircraft.

American's prop-jet Flight 320 undershot Runway 22 and smashed into the water. Sixty-five persons died. Three crew members and five passengers survived.

The authority spokesman, who asked not to be identified, further commented: "The entire responsibility for establishing navigation and safety aids rests with the Federal Aviation Agency."

In Washington Thursday night an FAA spokesman said an instrument landing system for the East River approach to Runway 22 had been authorized and on order since July 1, 1957. He said it takes 18 months to two years to get the needed apparatus assembled, adding that delivery had been promised for October of this year.

Second Parley Called On City Fund Situation

The second in a series of meetings with representatives of various organizations to discuss the city's pressing financial problem will be held Thursday night at 8 in Council Chambers at City Hall, Council President B. E. Warner announced today.

Letters inviting the organizations to send two representatives to the informal meeting were mailed yesterday afternoon.

Warner said the meetings are in line with Council's policy to discuss city finances with a cross-section of citizens.

Invitations went to Charles Schriver, president of the Junior Chamber of Commerce; Leo C. Lawrence, president of the Board of Education; Mrs. Lester Hall, president of the City Federation of Parent-Teacher Organizations; Joseph A. Winters, secretary of the Trades and Labor Council; Mrs. Richard C. Mayers of the East Liverpool Women's Club; Dr. Edith Gilmore of the Quota Club; Dr. Alex S. Fisher, president of B'nai Jacob Synagogue, and Harold Krysney, president of B'nai Israel Temple.

A separate invitation also was extended to County Auditor I. J. Vorndran, Warner said.

He asked the organizations to notify Councilman George Willshaw, chairman of Council's finance committee and president pro tem, as to who will attend. Warner will be out of town until Thursday.

Nineteen representatives from 12 civic, service and veterans' organizations attended the first informal discussion on municipal finances Jan. 23.

House Passes Bill Extending Draft 4 Years

WASHINGTON (AP) — Extension of the military draft, overwhelmingly approved Thursday by the House, headed today for slower action in the Senate.

Chairman Richard B. Russell (D-Ga.) of the Senate Armed Services Committee, said hearings on the legislation will be held in "ample time before the expiration of the law," June 30. However, no time was set.

The House, taking up the draft extension bill as one of its first items, passed it 381-20 Thursday in just the form President Eisenhower and the Pentagon had recommended.

The bill would extend until June 30, 1963, the government's authority to draft young men for military service. It also would extend special provisions for calling up doctors and dentists previously deferred to complete their education and would continue special benefits for dependents of military personnel.

County Home Head Retained

R. V. Phillis Given Post Permanently

LISBON — Russell V. Phillis, acting superintendent of the County Home, was appointed permanently to the post by the Columbiana County commissioners Thursday.

Phillis, 39, formerly of Salem, ranked third in a Civil Service examination in December, but Max Gard, chairman of the commissioners, said Phillis has been doing "a good job" as acting superintendent.

A former restaurant operator, Phillis replaced Ray Adam, who resigned in August after holding the post for over 17 years. Phillis is married to the former Marvel Miller, and they have two sons.

Phillis, whose salary is \$260 a month, named his wife matron. She will receive \$160 a month. Others certified in the Civil Service test were Willard Wayne Thompson of Glenmoor, first, and Russell George Sinsley of Leetonia, second.

The commissioners also named Russell Reichenbach of North Georgetown, county dog warden, to permanent ranking dog warden under Civil Service.

His salary is \$4,440 annually. Reichenbach placed third in a Civil Service test in December in which Jack Clunk, former assistant dog warden, ranked first, and Kenneth Howard of Lisbon, second.

Reichenbach has been warden since 1954 when he succeeded Laduska Stark. The commissioners did not name an assistant dog warden to replace Clunk, who held the post until Jan. 5. Harold McCall, former mayor of Rogers, is helping Reichenbach at present.

Manslaughter Trial Set For Chester Man

Trial of the traffic manslaughter case against Dale Glenn Morrell 27, of 128 Montana Ave., Chester, will begin Monday before Judge Joel H. Sharp at Lisbon.

Morrell was indicted in the death of John W. Webber of East Liverpool R. D. 2 in a traffic accident on Route 7 just north of Wellsville on Oct. 25.

3 Air Force Planes Crash, Killing 5 More

Fatalities Climb To 87 For Week In Airplane Mishaps

By The Associated Press
Three Air Force planes crashed Thursday, killing at least five men. A futile air-and-sea search of the Atlantic continued for an Air Force weather plane.

The accidents brought the total of air fatalities for the week to a minimum of 87. Thirteen persons are missing, 12 of them aboard the weather plane. Worst of the crashes was that of an American Airlines plane which plunged into the East River at New York Tuesday night, killing 65.

Three civilians testing an Air Force Flying Boxcar C119 were killed when the plane crashed and caught fire at the edge of San Francisco Bay. The plane was on a test flight. Killed were M. L. Vinson, 46, the pilot; C. W. Clam-pitt, 49; and Russell Hansen, 44.

A twin-jet F89 fighter crashed on a high ridge 25 miles southwest of Great Falls, Mont., killing one of its two crewmen. The other man is missing. Names were withheld.

The jet was on a routine training flight from Malmstrom Air Force Base at Great Falls.

A B25 approaching the Little Rock (Ark.) Air Force Base suddenly fell, killing one of the five men aboard. He was Sgt. E. C. Wilson, 31, of Newark, Ark. The other four had only minor injuries.

It was the second fatal accident at the base since Tuesday night, when a B47 crashed while making a landing approach. All three aboard were killed.

The Coast Guard said no sign has been found of wreckage or survivors of the B50 hurricane hunter plane which left Bermuda Wednesday.

4 Boxes Of Dynamite Stolen At Strip Mine

LISBON — Investigation of the theft of four boxes of dynamite along with primers, cord and blasting caps from a Dungan area strip mine, was being pressed today by Sheriff's Deputies.

The loss of the dynamite, five boxes of primers, 1,000 feet of primer cord, a box of electric blasting caps and 50 25-pound sacks of nitrate fertilizer was discovered at the Torrence Coal Co. mine Thursday.

Thieves broke into a shack at the mine and apparently carried the items to a car or truck nearby. Deputies said there were no tire tracks around the shack. The entering was made sometime between Tuesday afternoon and yesterday morning, deputies said.

Skillset And Pan Stolen By Warehouse Burglar

Two stainless steel cooking vessels, a saucepan worth \$6.95 and a skillet valued at \$7.95 were taken in a burglary Wednesday night or early Thursday at the Jewel Tea Co. warehouse at 415 Rural Ln., police said.

The stockroom was entered via a window on the west side of the building, officers said. The burglary was reported late yesterday morning by Ernest Moore, 604 Orchard Grove Ave., a salesman for the tea company.

Allied Plans Pressed On Berlin Issue

Seek To Counter Red Threat; Dulles Confers With French

PARIS (AP) — Allied preparations to counter the Soviet Union's Berlin threat picked up speed today as Secretary of State John Foster Dulles met with French leaders and British Prime Minister Macmillan made plans for his Moscow trip.

Diplomats in Paris said Dulles in the second stop of his listening tour would find the French determined to preserve Western unity in dealing with Moscow on Germany.

Dulles called first on Foreign Minister Maurice Couve de Murville. Then he went to see President de Gaulle, whose independence in the past has given his allies worrisome moments.

Britons of all political complexion cheered Prime Minister Macmillan's decision to fly to Moscow Feb. 21 for what he called a reconnaissance mission.

The suave 64-year-old Macmillan was depicted in the British press as a "diplomatic prince charming out to win the hearts of the Soviet people." Some newspapers predicted the trip would lead to an early East-West summit conference.

Dulles openly — and the French privately — endorsed the Macmillan venture as possibly useful, but they did not share the British public's expectation that it might start a thaw in the cold war.

One thing was clear: The West will await Macmillan's return from talks with Soviet Premier Nikita Khrushchev before forging any new proposals on the reunification of Germany to counter Soviet demands that the Allies get out of West Berlin.

Dulles still insisted that he is carrying no new proposals in his European tour of London, Paris, and Bonn. He implied he is doing more listening than talking.

He also left the way open for a possible shift in Allied strategy. Arriving in Paris, he spoke of planning an "exchange of views" and added that the talks were being held "while we are in the formative stages of our thinking."

The U.S. secretary said no policy decisions could be expected yet but that he wanted to "make sure our ideas are developing along parallel lines."

War Suspended 5 Days To Celebrate New Year

TAIPEI, Formosa (AP) — The Chinese Nationalists and the Communists today suspended their offshore island war for five days to celebrate the Chinese lunar New Year.

It was the third holiday cease fire in the artillery duel over the Quemoy Islands. Shelling also was halted over Christmas and the Western New Year.

Heart Fund Group Plans Fund Solicitation Feb. 22

Ralph Smith of Princeton Ave., newly appointed Heart Fund chairman for the city, today announced the selection of a Heart Sunday chairman.

Smith, who is classified advertising manager of the Review, was appointed city chairman by the Junior Chamber of Commerce. He is being assisted by Claud Albright, the 1958 chairman.

Smith said Mrs. Carol Sanford of Macrum St. has agreed to serve as chairman for the Heart Sunday collections. The official date is Feb. 22.

Mrs. Sanford will be assisted by Mrs. Austen B. Moore, 1996 Lisbon St.

Both today made an appeal for team captains to conduct a door-

Senate Starts Digging Into Airport Bill

Okays Housing Plan Containing Billion Over Ike's Request

WASHINGTON (AP) — The Senate today takes up an airport grant bill far exceeding President Eisenhower's request after passing a \$2,675,000 omnibus housing measure containing a billion dollars more than he asked.

Senators stayed late Thursday night to put through the big housing measure, first major piece of legislation they have handled this session. It goes to the House, which is not expected to act before the week of Feb. 15.

The passage vote was 60-28, slightly more than the two thirds margin which would be needed to override a veto.

Democrats trimmed the housing bill somewhat on the floor in an effort to minimize its impact on the fiscal 1960 budget and thus avert a veto by President Eisenhower.

The airport and bill calls for \$65 million dollars in federal grants compared with Eisenhower's request for 200 million. However, for the next fiscal year it would exceed the budget by only about 35 million.

Lisbon Avoids Primary Vote Of Democrats

The County Election Board ruled today that no Democratic primary will be held at Lisbon May 5 under the so-called Ohio "no contest" law, which makes nomination automatic for party candidates when no race develops for any office.

Lisbon Republicans will vote as usual because they have two contests to settle, but certificates of nomination will be issued to the seven Democrats giving them a "free ride" into the November general election, Frank R. O'Hanlon, clerk of the board, explained this morning.

Earlier, the board had ruled no primaries will be held by either party in Columbiana and Leetonia under the "no contest" law.

O'Hanlon pointed out that the only Democratic candidates who filed from Lisbon before the deadline Wednesday were Mayor John H. Todd, asking renomination, and six unopposed candidates for Council. However, Lisbon Republicans will settle a two-way race for the nomination for clerk-treasurer and a seven-man contest for six Council nominations.

Lisbon's GOP primary will be conducted as usual, with full strength precinct staffs that will include three Republicans and three Democrats, O'Hanlon pointed out.

Law provides no primary will be held when the number of candidates does not exceed the number of offices for which nominations will be made, O'Hanlon pointed out. There also is a provision that eliminates citywide primary voting in cases where the only contests are for ward council seats, for example.

Greek, Turkish Heads Talk On Cyprus Issue

ZURICH, Switzerland (AP) — The prime ministers of Greece and Turkey met here today in their first summit-level effort to agree on the future of Cyprus, one of NATO's chief bases in the eastern Mediterranean.

Britain, the third party to the bitter Cyprus dispute and the island's present ruler, may join the talks later.

C. Of C. Head Named

SALEM — Ronald E. Leigh, assistant manager of the Lafayette (Ind.) Chamber of Commerce, today was named executive secretary of the Salem Area Chamber of Commerce. His appointment, to succeed Casile Smith, who resigned, is effective April 1.

No Present Plans, White House Says

Hagerty Releases Statement Following Bid By Khrushchev

THOMASVILLE, Ga. (AP)—The White House said today President Eisenhower would consider visiting Russia if future developments indicate it would serve the cause of peace.

Press secretary James C. Hagerty made the statement in commenting on Soviet Premier Nikita Khrushchev's invitation to Eisenhower Thursday to come to the Soviet Union.

But Hagerty stressed that Eisenhower has no present plans to go there.

The press secretary earlier had declined comment on the Khrushchev invitation, extended informally in a speech by the Kremlin leader at the Moscow 21st congress of the Communist party.

But today Hagerty volunteered this statement at Eisenhower's vacation headquarters:

"Premier Khrushchev's invitation to President Eisenhower to visit the Soviet Union occurred in a lengthy speech which contained very hostile references to United States leaders.

"It seems strange that Premier Khrushchev, if he really welcomes a visit by the President, would extend it in such circumstances. "The President had no present plans to make such a visit — in fact, he hasn't received any invitation except through the reports of an off-hand invitation extended in a political speech.

"Ever since he has been in office, President Eisenhower has always made it clear that he was willing to go anywhere in the world if, by so doing, such a visit would serve the cause of peace.

"Should future developments suggest that a visit to the Soviet Union or anywhere else would serve to advance this cause, then it certainly would be considered."

Ware Walkout Meeting Fixed

Pickets Withdrawn At Laughlin Plant

Gold stampers, who picketed the Homer Laughlin China Co. plant Thursday morning, returned to their jobs today pending a second conference on their grievance between the labor committee of the U. S. Potters Association and the Executive Board of the International Brotherhood of Operative Potters.

Homer Laughlin management said production was normal today with the return of the 1,500 workers who were idled briefly by picket lines setup yesterday morning by the women — members of Local Union 124.

E. L. Wheatley, international president of the union, said today the workers contend "they were being locked - out of their job rights in favor of lower - paid employees."

"My first information was that it was a protest over the contemplated restoration of tolls on the Chester Bridge," he added.

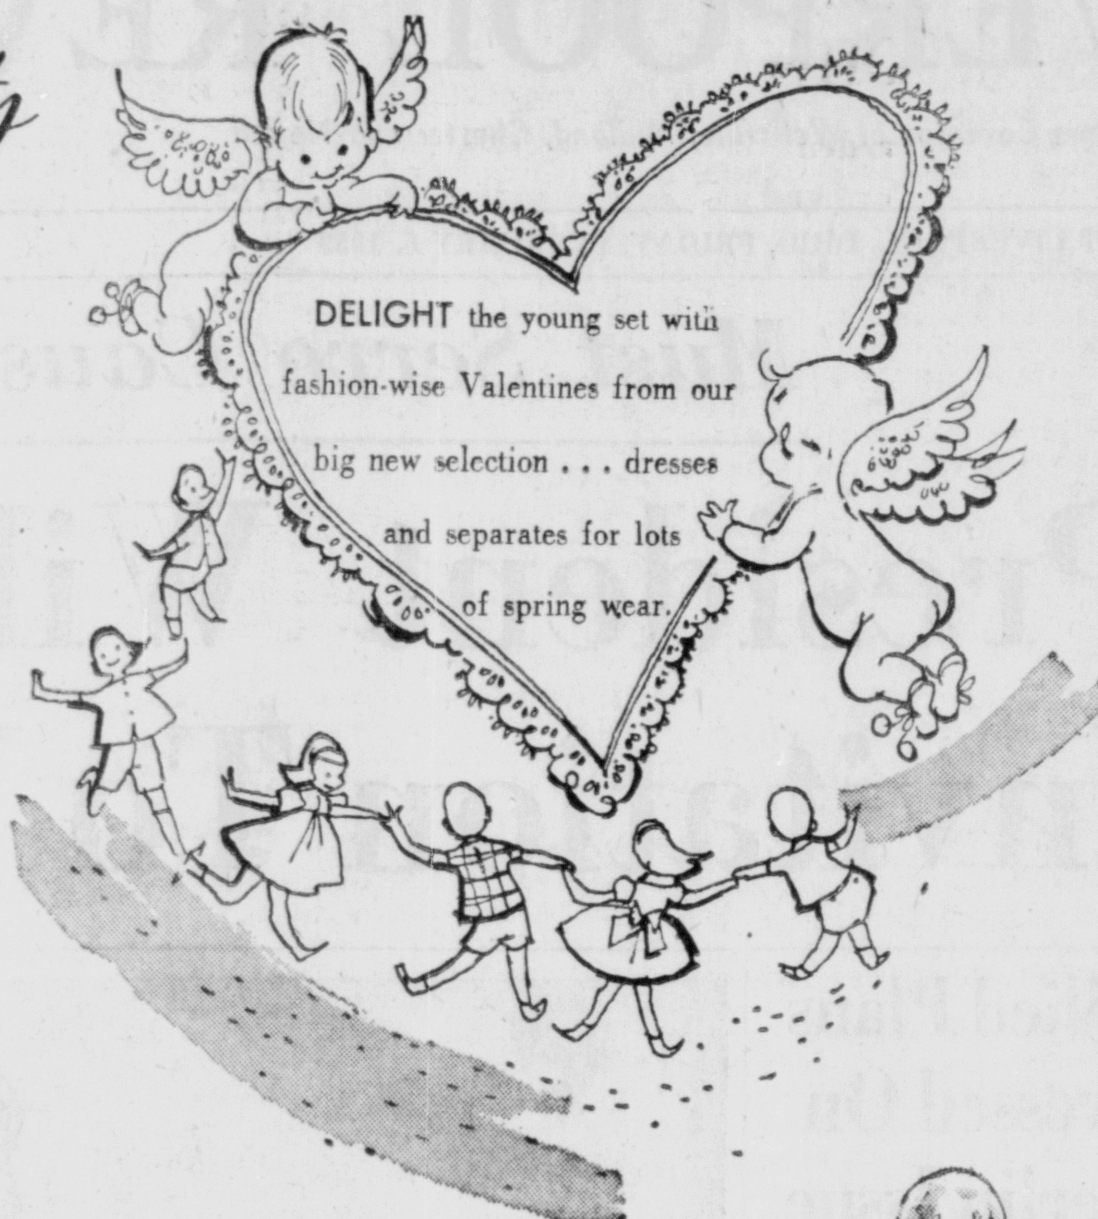

Laughlin management said a meeting was held yesterday in which no progress was made and another is scheduled today. Wheatley said the union submitted a proposal to the firm, which is to advise today if it is acceptable to management. Spokesmen for Local 124 sat in on the discussion, he added.

The women workers withdrew their picket lines after the morning shift changes yesterday and there was no further picketing.

17 To Be Inducted

LISBON — Draft Board 16 will send 17 men for induction March 9 but most of the quota will be met with volunteers, according to Mrs. Elaine Griffith, clerk. One man will be sent to Cleveland for pre-induction physical examination March 16.

Cumberland Election Set

Deadline For Filing Designated May 7

NEW CUMBERLAND — Candidates for five town offices in the biennial non-partisan municipal election June 9 may begin filing Wednesday, April 8, at 9 a. m. in the Town Hall.

Offices at stake include mayor and the long- and short-term councilmen for the Second Ward and the short-term councilmen for the first and third wards.

As there is no primary, the candidate receiving the highest number of votes wins the office. A ballot place for a special municipal levy which expires in 1960 will be determined by City Council.

Mayor Albert (Jack) Fucy is presently completing his third term. The mayor's salary is \$225 a year, although he has always refused the pay. Councilman receive \$7.50 a month.

Other offices to be voted on are Second Ward councilmen, for four-year term and for two-year terms each in the First and Third Wards.

Deadline for filing is Thursday, May 7, at 5 p. m. Those elected will take office July 1. Filing fees include \$5 for mayor and \$1 for councilman.

Leaders, Officers Elected By Scouts

An election of patrol leaders and other officers of Ohio View Boy Scout Troop 470 was held Wednesday evening at a meeting in the Logan School at Ohio View.

Bill Muns was elected senior patrol leader and Judson Hertz, treasurer. In the Flaming Arrow Patrol, Ken Stephens was named patrol leader, David Robbins, assistant, and Tommy Bomar, scribe.

In the Mohawk Patrol, Alvertis Wass was named leader; Chuck Polce, assistant, and John Duplaga, scribe. Alex Frederick was elected leader of the Rocket Patrol.

Richard Hertz, scoutmaster, said a court of honor will be held Wednesday evening. Parents are invited.

A window display for Scout Week will be placed in an Ohio View store. The troop will meet Sunday at 10:45 a. m. at the Ohio View Lutheran Church to attend services in a group.

Handedness In Children Subject Of Study

About a year ago, I reported in this column a survey by H. M. Wiley of 17,662 elementary school children of Wheeler County, Texas, in which he found that 10.4 per cent of them were left-handed. Near the same time, a study of 92,656 school children from 1st to 6th grades in Pennsylvania, New York and New Jersey, by Dr. E. A. Enstrom, University of Pittsburgh, came up with 11.14 per cent of left-handed writers. He found that the percentages at the various grade levels were about the same, but that more boys than girls write with the left hand—12.5 to 9.7 per cent.

As reported in his doctor's dissertation, Dr. Enstrom found that, of 1,103 left-handed writers carefully studied, there were two main groups: those who kept the writing hand below the writing line, and those whose writing arm approached from the left side of the paper, producing a somewhat hooked wrist.

HE FURTHER found six habitual variations of the first group and nine distinct variations of the second group. He presented pictures of these types of handwriting positions.

The committee included Miller, chairman, Clarence Eagle and Charles Griffith.

Hawaiian Statehood Bid Halts Flag Sale

The possibility of Hawaii becoming the 50th state has halted the Wellsville Junior Chamber of Commerce plans to sell new flags.

The Jaycees announced last week they would sell flags with the 49th star for Alaska. But, they delayed the project when Hawaii started its bid for statehood, which would change the flag again.

Frank Fusco, ways and means chairman, said the group did not want to sell flags which shortly could become "outdated." A house-to-house campaign was to have been held.

Jury's Amount Close To Offer

\$12,494 Awarded Leetonians For Land

LISBON — A Common Pleas Court jury Thursday granted a Leetonia area couple just \$52 more for property and buildings than the sum the State Highway Department had offered them for the land appropriated in a road improvement.

The jury awarded \$12,494 to Gordon and Vera M. Simpson of Leetonia R. D. for 1.11 acres and buildings along Route 45 between Salem and Lisbon. The state's offer was \$12,442.

The jury's award, with the highway department's original offer in parenthesis, was: land \$2,100 (\$2,290); house and barn \$8,660 (\$9,622) and damage to residue \$1,734 (\$301).

Judge Raymond Buzzard presided over the trial which began Monday. Another contested land appropriation suit will begin Monday, involving William and Agnes Peterson of Lisbon R. D. 1, who turned down the state's offer of \$1,497 for 1.028 acres on Route 164 south.

Social Security Retirements Must List '58 Income

William J. McCauley, manager of the regional Social Security office at Youngstown, said today persons planning to retire in the near future must supply data on their 1958 income.

In figuring the monthly benefits payable to workers who apply in 1959, his office must take account of wages and self-employment income received by the worker up through the end of 1958.

Workers now applying for their social security retirement benefits can help speed the delivery of their first social security checks if they will bring with them their withholding slips (Form W-2) for 1958, when they call at the office to file their claims.

If a claimant for benefits is self-employed, he should bring with him a complete copy of his income tax return for 1958, including Schedule C, which details his business income and expenses. He should also bring a cashier's receipt, canceled check or other evidence showing that he has paid his 1958 income tax.

McCauley pointed out that earnings for years before 1958 have already been posted to the worker's individual social security account, but sufficient time hasn't elapsed for all 1958 earnings to be credited. This is especially true of 1958 self-employment earnings.

He also suggested that the retiring worker bring to the office any available documents which show his age or date of birth. "While a birth or baptismal certificate based on a record made at the time of birth is preferable," he said, "we accept many types of evidence such as life insurance policies, naturalization certificates, union, hospital or lodge records, etc." He added that such a record should be several years old and show the date it was made as well as the worker's age or date of birth.

Workers who have reached retirement age, 62 for women or 65 for men, were invited by McCauley to call at the social security office, 123 W. Commerce St., Youngstown, to file their claims, or to discuss any social security problems they may have.

Three bodies were found Thursday in the tail section of the crashed airliner, brought up from the river bottom. That brought to 25 the number of bodies recovered.

As investigators looked into all phases of what could have caused the crash, Edward Slattery Jr. of the Civil Aeronautics Board said: "The only thing we're sure of is that there is no indication of what caused the accident."

But Flight Engineer Warren E. Cook, 35, a crash survivor in critical condition at Queens General Hospital, has been quoted as saying that the plane's pilots "might have had a mix-up with those new altimeters."

The pilot, Capt. Albert H. De Witt, 59, is dead.

Nurse Is Speaker For Midland PTA

Mrs. William Steele of Vanport, registered nurse, spoke on "Common Sense In Sex Education in Children" at the meeting of the 7th St. Parent-Teacher Association Thursday afternoon at the Midland school.

Past presidents were honored and Founder's Day was observed. Mrs. Jean Marx, third grade teacher, gave the invocation and led the flag salute and singing of "America."

A silver tea was held with donations to be given to the Founder's Day fund of the national association.

Mrs. Lester Trainer, president, said a nominating committee will be appointed at the meeting March 5 for an election in May.

A joint meeting of the three PTA units of the Midland schools will be held in April.

Refreshments were served 35 by Mrs. Stephen Francis, hospitality chairman, assisted by Mrs. Joseph Vojnovich and Mrs. Henry Marciak.

Ohio Plans To Cut Out Curve On U.S. 52

COLUMBUS, Ohio (AP) — As part of a widening and resurfacing project along 10 miles of U.S. 52 in Adams and Brown counties, the state highway department proposes to cut out a curve southwest of Manchester.

It would mean relocating a little over a half-mile of the route where it crosses Elk Run in Adams County, the department said. A hearing on the proposal will be held in the Manchester police station Feb. 24 at 10 a.m.

Commissioners Vote \$900 For Fox Bounty

LISBON — An appropriation of \$900 for payment of fox bounties during 1959 was authorized by Columbiana County commissioners Thursday.

Commissioners did not appropriate at their initial meeting of 1959, as required by law, and were under the impression they could not now legally provide funds. But apparently they decided to take the bull by the horns — or the fox by the tail — and continue the bounty.

The county has been paying a bounty of \$3 for a set of four fox paws for several years. A total of \$1,935 was paid in such bounty in 1958.

Does A Politician Dare To Say No?

President Eisenhower has been historically blunt in his challenge to representatives and senators to collect the money they are so eager to spend, but he still has not probed to the heart of the problem.

Politicians reflect what they think is popular. Most of them think it is their job to support whatever the loudest public clamor of the moment is supporting. This country never made much progress with the idea that legislators should think for themselves—and the reason is plain. Legislators who thought for themselves were not re-elected, unless their thoughts coincided with the program of whatever pressure bloc was in the ascendancy.

The nationwide pressure bloc of the moment wants to spend and spend and spend. It has packed Congress with representatives and senators who will take their political lives in their hands if they buck the spending tide.

The popular mood of the moment makes the federal government a cow to be milked to the last drop—but not fed. This is the Spondocrate philosophy summed up by the Democratic Advisory Council's quip that putting "pocketbook before people" is a selfish and sullen retreat into the past.

This doctrine is being heard in Democratic

caucuses, in labor union declarations, in state legislatures controlled by Democrats and most of all in Congress. It is supposed to be the voice of the people—and it very probably is.

The question is whether politicians will dare to say No to a popular doctrine of financial irresponsibility. President Eisenhower, himself, was slow to stand up against the spenders. Only now, with nothing to lose because he is forbidden by the Constitution to seek a third term, is the President making a two-fronted fight for financial responsibility.

It is not popular in a democracy to save money. Nor is it popular to impose taxes. This was pointed to by early critics of popular government as the hazard likely to trip up the American dream of a good society based on the people's will. Cynics predicted it would be the people's will to bankrupt the country by taking more out of the U.S. Treasury than they would be willing to put in. They would make a habit of deficit financing until it ruined them.

If Mr. Eisenhower probed to the heart of the problem, he would talk about the cynical predictions of the observers who warned that America ultimately would be ruined by doing the very thing which Spondocrates now are advocating—making a permanent habit of deficit financing.

Burgomaster In A Hurry

Though the arrival of Willy Brandt, the governing mayor of West Berlin, will not spur Americans into the frenzy of guessing that kept the country buzzing while Anastas Mikoyan was here, the young German politician will not be neglected. In his way, he is just as important as the Soviet deputy premier who preceded him in the mid-century contest of diplomacy by press conference.

Brandt, too, is hoping to learn something of importance to the future. Like Mikoyan, he is in deep in politics. And like Mikoyan, he is involved in the Berlin crisis that has been shaping up since 1945 and this year has been accelerated by the Kremlin.

Brandt, it needs to be remembered, is the bitter political rival of Konrad Adenauer. Adenauer, chancellor of the German Federal Republic, is head of the Christian Democratic Union, largest German political party. Brandt is the rising young man in the Social Democratic party, which controls West Ber-

lin and gives Chancellor Adenauer his potential opposition in the Federal Republic.

Adenauer has the ear and the confidence of State Secretary Dulles; they see eye to eye on the position that West Germany and East Germany can be reunited by free elections, which is to say in effect that they are not likely to be reunited in the foreseeable future. Brandt has arranged to be in this country while Dulles is in Europe. He does not think free elections are necessarily the first step to reunify Germany, which is to think in effect that at least one of the positions taken by the United States and his political rival is untenable and might be demolished with a little press conference diplomacy.

Everybody with an idea to sell must come to Washington sooner or later, and the burgomaster of Berlin obviously is full of ideas to sell. He won't be as sensational as Mikoyan, but he will be just as busy.

218 Candidates

With more than 200 candidates heaping fuel on the fire, the political pot can't help but boil intensely in Columbiana County between now and the May primaries.

With 110 Republicans and 108 Democrats slated for ballot places, the flame should burn brightly for both parties.

Some of the candidates can be classed as hardy perennials, others will be receiving their first taste of political warfare. The names of some are almost certain to raise this question: "Why in the world are they running?" Other candidates have demonstrated their ability during previous terms of office.

From now until May, much of the burden will be on the individual voter. At him and at her will be aimed the political broadsides which the candidates hope will shake loose a barrage of votes. There will be claims and counterclaims. The truth will walk hand in hand with the untruth.

To the voter falls the responsibility of separating the grain from the chaff. Now is the time to take an interest in the primary, not 24 hours before going to the polls.

The Once Over

One of the big auto makers is showing experimental model which "rolls on air instead of wheels." It has flat perforated steel disks through which compressed air is released to lift the car a foot or two off the road. This may bring the driver who not only drives "no hands" but "no wheels."

He can leave the garage as a motorist and become a plane pilot in a matter of minutes.

Ultimately such a car will be capable of 500 miles an hour, say engineers. At this speed the driver now limited to flying through red lights can fly OVER them. Kids may get to night parties by instrument landings.

THE BIG THREE auto makers are already looking ahead to the Car of 1980 which will make the auto of today as old hat as today's car makes the horse and buggy. For one thing, they say, it will come only in a couple of types, the sedan and the station wagon, both no longer than today's models but with a seat plan to hold more people.

There will be a push-button implementation to reduce the driver's hand and foot work and "give him more time for quick decisions." We still think one hand held out of a car window and a foot used more carefully would cut down the need for quick decisions 50 per cent.

AUTO PROGRESS has been flabbergasting. Years ago you had to crank the engine. Today you can break your bones AFTER its started. In the car of yesterday you lit headlights with match. Now you can blind oncoming driver by button.

Bumpers used to be out ahead of the car to make accident less costly. Now they're back where they make certain a crash is more expensive.

In early days the auto had a single port and starboard rear light so a man following could be sure it was an auto. Now engineering has progressed so far that a car carries so many rear lights it promotes excitement and adventure, popularizes guessing and makes it uncertain whether a car is a car or a theater marquee in motion.

Marion Eyes The Tax

Another Ohio city—Marion—is giving consideration to an income tax with which to meet one of its pressing needs.

Wednesday night, its Council voted 8 to 1 to bring in legislation establishing such a tax.

The rate discussed was either one-half of one per cent, with no exemption, or a full one per cent with a \$1,000 exemption. In Marion's case, it was estimated either method would raise something like \$300,000 to \$350,000 a year, with the money to be used for street repair and maintenance.

Marion is one more city which is feeling the need for revenue over and above routine services as its operating expenses increase faster than the money coming into its treasury.

It brings to mind again our own problem and the frustrating experience to date of the administration and Council in trying to solve it.

Whether it is liked or not, an income tax still seems to be one of the most logical and most fair sources of new revenue for those communities who have no other place to turn.

Well, One Of The Others Made It!

Ford Readies Political Drive

By Victor Riesel

A 20-month strategy for practical political action, beginning this very week and plunging right through the 1960 presidential campaign, has been developed by the Ford Motor Co.

It is a frank and open drive to compete with and neutralize the powerful AFL-CIO Committee On Political Education, through which labor swept to such influence in state and national politics last November.

The Ford program is a result of eight years of activity by its Civic Affairs Office. This unit, directed by Thomas Reid and a small staff out of Dearborn, Mich., operates through community relations committees in 50 cities.

In a series of speeches made recently literally in cities from coast to coast, Reid urged that this month-by-month political action program be adopted by "hundreds of corporations" everywhere—not as a partisan but as a bi-partisan drive to raise "the caliber of political leadership in both parties."

Reid, who helped launch the Ford Civic Affairs Office on Dec. 1, 1950, has been suggesting that businessmen's political action begin immediately to prepare for the 1960 election—which he considers one of the most critical in the history of American business—because labor's political action squads already are fanning out for some 700 elections in cities of 30 states this fall.

REID'S PROGRAM, which has been cleared and developed in conversation inside his company with executives right up to Henry Ford himself, calls for each business to assign at least one division, department, official or even part-time executive to the job of company participation in politics.

This philosophy is summed up by Reid when he tells his audiences that companies should "apply the same approach to this (politics) as to other business problems, for this is a business problem just as surely as are production, quality control or advertising."

"Businessmen have boldly spent billions on such activities as research and advertising because they believed that these things are necessary. It is time to admit that public affairs deserve the same consideration. They are a business problem."

THE KEYNOTE of Reid's talk is hit hard when he opens with, "I am soberly persuaded that unless we make politics an essential part of our business we are going to find it increasingly difficult to do business at all. Right now completely representative government is in danger."

"Our Constitution assures us that our government should belong to everyone. But practical politics changes that. Eventually the government belongs to that segment of society which practices practical politics best—especially if others choose to ignore their own stake in political affairs."

"A large segment of American society, the people who make their living as employers and managers, have shunned politics and consequently have allowed elements that are sometimes hostile to business, as we see it, to have more than a proportionate share in forming all legislation."

The Ford Civic Affairs Dept. 20-month program—the prototype of which Reid says has been successful even in Michigan—operates in 60-day periods.

For February - March, the action strategy calls for an im-

mediate study of the impact of government and politics on business and what can be done about it.

April - May: Organize within the corporation for effective action on governmental, legislative and political matters.

June - July: Speak out on public issues.

August - September: Compile digest of votes by elected officials and issue the report to management, dealers and employees.

October - November: Get to know the elected officials—national and local—personally and invite them to your plants.

December - January, 1960: Recruit your employees to work with-

in the party of their own choosing.

February - March: Train management officials in practical politics as you train them for production and sales duties.

April - May: Get people to register, as labor does.

June - July: Frankly declare company policy and encourage employees to become active politically.

August - September: Speak up forcefully on issues but not candidates.

October: Relax, it's too late to do anything more at this point.

Through all this the action program calls for wooing voters as business has wooed customers.

Letter To The Editor

Since writing a letter to the Review, which, incidentally, was censored and accompanied by a particularly snide editorial, I have come to the conclusion that the editor just does not believe in fair play or free speech. The opinions expressed in my letter are my own and I am a spokesman for no one but myself. Mr. Editor issued a clarification call for Lawrence backers to sound off and lo, comes forth on Friday, Jan. 30, a letter from Albert Williams (no street number, no phone listing.)

This, possibly libelous, diatribe started out by giving the town back to the Indians and from there went on to rail about a loud vocal "minority." Actually the vote against the tax was in excess of 5,000, which, I should think, is a sizeable majority. For the record, I voted only once and that in the second ward, where I reside.

NOW, HERE is the payoff. I have checked at the Board of Elections and no such person as "Albert Williams" is registered as a voter. Nor has such a name been registered in the past four years. Checking through the City Directory, I can find no such name as "Albert Williams" on St. Clair Ave. What about this Mr. Editor?

Is there really an "Albert Williams"? Does he vote? If there is no such person, wouldn't you say that it is a cowardly way to write a letter and sign a fictitious name?

This character "real or phony" talks about using logic and then goes into a name-calling act seldom equalled in this town. By implication he calls over 5,000 voters penny-pinching hypocrites. Really, Mr. Editor, are you this hard up for supporters? Please, Mr. Editor, where does "Mr. Williams" live? Where does he vote?

AGAIN, "Mr. Williams" refers to the money cut off by defeat of the income tax. One wonders why Mr. Lawrence and the Council did not follow the recommendations of the McGavran survey, published in the Review as of April 15, 1958. Enough money could have been saved to do many of the necessary improvements.

When "Mr. Williams" objects to my phrase that opponents of the tax were treated to scorn and ridicule he proves my point by becoming hysterically abusive.

Then he goes on to analyze my character, figure out my income, and compute my tax. We really need a brain like this—yes, just like we need a hole in the head. The guy even pretends to qualify as a lexicographer and expert in semantics.

He might spend a little time looking those up. For "redundant" try Funk and Wagnalls standard dictionary copyright 1943. Redundant—unnecessarily verbose; tautological—unnecessary repetition. I used the word in this connection, "at the risk of being redundant," catch on Williams?

If The Review and the administration are so hard up for support-

ers that they must use non-registered, non-voting, and maybe non-existent people to carry out a program I truly feel sorry.

IF THE editor and the Lawrence faction are so destitute of constructive ideas that they must have a whipping-boy go ahead and use West. He does exist. He does vote, and he lives at 702 Cadmus St. "Lay on Macduff," I assure you I shall not get saddle sore as quickly as you seem to.

Let me say that the service director in the administration just preceding this one did a fine job. Many of the improvements which he initiated have been used by the Lawrence administration. Further, some of the Lawrence supporters would have you believe that these things came about under this administration.

If it were possible to have another paper in this town, maybe all shades of political opinion could be expressed, and the town would be better off. One mild suggestion for the existing paper would be, please don't set up any more straw men or dummies.

A word in passing to the Democratic candidates: You will win only if you campaign vigorously, and do not use an "I like Lawrence, but" campaign. He and his whole administration are vulnerable.

The record of income tax, out of town, so-called expert, service director, condition of streets in winter snow, proposed toll on Chester Bridge and many many others. The actions of this administration since the demise of the income tax remind me of a piece of doggerel used for many years, thus:

"When in trouble or in doubt
Run in circles rave and shout."
HAROLD WEST
702 Cadmus St.

(Editor's Note—This is not the first time we have been asked "Who is Albert Williams?" since publication of his letter. But it is by far the most forceful presentation of the question.)

(Frankly, we don't know the answer. When it arrived by mail, the letter seemed legitimate enough and was printed in good faith, although we did neglect to make the customary check of name and address.)

(And while the circumstantial evidence above has a most convincing note, it does not rule out the possibility that there is an Albert Williams of St. Clair Ave. If he does exist, we wish the real Albert Williams would stand up and be counted.)

(One other part of Mr. West's letter calls for a reply—that in which he complains of one-sided presentation of the news. It was only a few weeks ago that a letter was received from Don R. Gosney thanking The Review for its fairness in coverage of the political scene. Mr. Gosney is the Democratic chairman for Columbiana County.)

Undue War Alarm

By David Lawrence

U. S. Strength Deters Russian War Move

Despite a concerted effort to scare the Congress into appropriating more money for intercontinental missiles and the apparent attempt to

play politics with national defense, the truth is that a world war is less likely today than it has been at any time since the close of World War II.

The out- David Lawrence standing fact is that the United States has sufficient military power today to deter the Soviet Union from making an attack. The price of such an attack is too big for the Kremlin to pay—for this would bring in retaliation the almost total destruction of all its major cities and the death of millions of people from one end of the Soviet Union to the other.

THE AVERAGE MAN is a bit confused by the persistent propaganda that tells him, "The Russians are ahead." But it is important to keep in mind these points:

1. The Soviets must go great distances across oceans with their missiles to hit us.

2. The Soviets, in delivering their "first blow," must simultaneously knock out every missile base and every air base in this country and in the territory of our allies in Europe and North Africa as well as in the Far East. It must be a 100 per cent score.

3. The Soviets must also knock out every United States submarine that is armed with missiles and every American or Allied aircraft carrier at sea that can launch bombers carrying nuclear weapons. This, too, must be a 100 per cent score.

4. The Soviets boast they can strike at targets with "pinpoint accuracy" but one wonders how at a given moment a missile is going to find the exact spot that each submarine happens to be or the exact location in the air of each plane of America's fleet of heavy bombers. The unknown location of American warships is a deterrent, no matter how many missiles Russia has. The United States Air Force, moreover, here and overseas, keeps in the air in periods of crisis a certain number of nuclear bombers.

5. The Soviets not only must time their attack so it will knock out every Allied base in Pakistan, Turkey, Italy, Spain, North Africa, as well as in Britain and France, but must make sure at the same time that all bases in this country are completely destroyed.

6. If the Soviets should miss any of these targets, they would promptly receive in reprisal a sweeping attack with H-bombs that

would cause incredible devastation. It probably would take only 50 missiles or bombs to knock out 50 of their cities.

ALL THESE POINTS summed up, merely mean that the United States and its allies today still have the deterrent power they have been depending on for several years now.

President Eisenhower at his press conference on Wednesday emphasized that the United States has a "balanced" defense. But the words "equivalent" or "balanced" do not convey the total significance of America's power to deter an enemy from attacking.

It is being said that the United States is failing to match each weapon now being produced by the Soviet Union. But the Soviets have need for more long-range weapons than America, because the Western Allies have bases which are a short distance from the targets in Russia, whereas the Soviet air forces and missiles must travel across the Arctic or span the Atlantic or Pacific Ocean to reach America.

There are, of course, many boasts being made nowadays by the leaders in Moscow. The purpose is to frighten America and its allies into submission to Soviet demands. But, as Mr. Eisenhower recalled at his news conference, the Soviets have bragged falsely in the past that they invented the flying machine, the automobile and the telephone and there's no reason why their claims about the performance of other inventions in the weapon field now should be accepted.

THE UNITED STATES government has taken what is termed a "calculated risk." This means that it assumes the impracticability of any such simultaneous attack by the Soviet military machine as would destroy the American capacity to retaliate on a massive basis.

The Kremlin would be taking a dangerous risk—the risk of terrible destruction—if they miscalculated in the use of their attack weapons.

So the military situation is truly a stalemate in the sense that both sides have enough power to deter the other from initiating a war. Under the circumstances, there is little point in adding lethal weapons on a quantity basis merely to make sure that the rubble and masses of dead people in cities destroyed in the Soviet Union are pounded to smaller pieces by more missiles.

America's position is secure primarily because the Soviet leaders are never expected to favor the suicide of their nation. Meanwhile, improvements in technology can add little to the security of either side—for the power to destroy another nation now is as efficient as it ever needs to be.

Purely Personal

By Truman Twill

Educational integration always has been more psychological than legal or educational. Yet, it has been handled as if the handlers never heard of the psychological factor. For one thing, they have let reporters and photographers create a circus atmosphere for impressionable kids who cannot be blamed for trying to call attention to themselves.

Speaking of the 14th Amendment, how do lawmakers figure they can make it legal for some citizens to gamble and make it illegal for other people to gamble, when the amendment says no state can abridge the privileges or immunities of any citizen?

It is a comfort to pick up Matthew Arnold's essays written in the mid-19th century and be reminded that this keen observer said just about everything worth saying a century before your contemporaries tried to say it—and not half so well.

For personal purposes, I find it useful to classify people as positivists and negativists. The latter exist solely to oppose everything proposed, whether good, bad, or indifferent and are more than half the population at any given instant. The world never will be much better off until they are identified and dealt with as behavior problems.

There finally comes a day in the dead of winter when the sun's rays are perceptibly warm, and as far as I'm concerned it came this year on the sunshiny morning of Feb. 2.

I am convinced that if all newspapers laid off on Groundhog Day for as little as two years the matter never would be mentioned again, because that is the way people feel about it. They want to forget it, but they don't know how to drop it gracefully.

Despite the fact relatively few people are exposed to water hazards, though nearly everybody is exposed to auto traffic hazards, about a sixth as many deaths from drowning are recorded each year as deaths from traffic accidents.

I believe the argument over a longer school year is being settled by the growing popularity of summer school sessions for the benefit of students who must make up work or who want to get ahead. If enough optional work were offered, the students, themselves, would decide to have a longer school year.

Two human accomplishments—high-jumping and broad-jumping—can be appraised accurately by anyone in this simple way: Could you clear a seven-foot-high partition or leap the length or cover 26 feet and 8 inches in a running jump—the length of a long living room?

Through The Years

THIRTY YEARS AGO—The Lincoln building led other city schools in savings in January, the Poters Savings and Loan Co. reported.

There were 1,159 miles of roads in Columbiana County, according to a report filed with the commissioners.

TWENTY YEARS AGO—Continued relief through Feb. 23 was assured for East Liverpool's 1,235 needy.

Coterie Club, a new organization of young women, held its first meeting at the home of the sponsor, Mrs. M. D. McCutcheon on Thompson Ave.

District Catholic churches began a 30-day period of mourning for the late Pope Pius XI.

TEN YEARS AGO—A contribution of \$1,000 to the fire truck fund was voted at a meeting of the Chester Volunteer Fire department.

Seventy were arrested here in January for offenses ranging from intoxication to grand larceny, police reported.

Mrs. Wilbur Schaffer was inducted as a new member of the Progressive Mothers Club.

Library Has Timely Album For 'Month Of Presidents'

"The White House and its 32 Families" is an appropriate album to feature in the "Month of Presidents," according to Miss Frances Jones, librarian at the Carnegie Public Library.

Amy LaFollette Jensen's book is not just the staid family portrait type. In addition to the lush pictures of the remodeled mansion, there are fascinating sketches of Garfield resting in bed after he was shot and of the petite Harrison who died just a month after becoming president.

A new shelf of fine histories also is available for students of American history. Heading the list is "The American Heritage Book of the Revolution," which meets the same high standards in its

pictures and articles as the periodical has since its inception. Earl Schenck Miers has a new, abbreviated history of Jamestown, Williamsburg and Yorktown in "Blood of Freedom." Henry Steele Commager has continued to enlarge his histories of America as told by contemporaries in a multi-volume set called "The Spirit of Seventy-Six."

For those who prefer to take their history in a fiction capsule, there is continuing succession of Civil War novels. "The Scarlet Guidon" by Ray Töpfer concerns a group of boys from the backwoods of Alabama who venture into Yankee land.

Glenn Tucker's "High Tide at Gettysburg" recaptures the Confederacy's peak of power during the great battle. Reflecting the Southern point of view is James D. Horan's "Seek Out and Destroy." Short story addicts will enjoy "The Post Reader of Civil War Stories."

For the teen-age reader, the library recommends "Treasure Agent" by Andrew Tully. This is a history of the wonderful detective service of this department. Edward Herron tells the story of William Healy Dall, who went north to study the natural science of the Arctic during Civil War days. His title is "First Scientist of Alaska."

Adm. Rickover's "Education and Freedom" is now available for perusal of those deeply concerned with our school problems. Not unlike many other critics of current educational practices, he uses European school plans to point up our weaknesses.

Like Thomas Jefferson, Rick-

over believes that the Dutch have one of the most desirable systems for Americans to copy. Since they were a trading nation, they were forced to learn languages — a reading knowledge of two is acquired by high school students in addition to their own tongue.

"Big Red Schoolhouse," by Fred M. Hechinger, describes the new Soviet system and its challenge to our drifting public schools. The author admits that the Communists are aware of many defects in their over-emphasis on examinations and are remedying it.

Recommended for an evening of hilarious fun is "Pioneer Go Home" by Richard Powell. This has been called a comedy of the Little Man versus Big Government and proof of the classic pioneer spirit which remains today. The Kwimper family which figures in the story is sure of as much immortality as the Kettles and the Joads.

Music Parents To Hold Tag Day

Plans for a Tag Day April 25 were discussed at a meeting of the Beaver Local Music Parents Association Wednesday night at the high school.

Mrs. Rolly Shepherd of Calcutta is chairman of the solicitation to be held in East Liverpool.

Miss Carol Pittenger, choir director, and J. Warren Campbell outlined the awards program for the two school music organizations. The annual spring dance for the band and choir members and guests will be held May 1. Mrs. Homer Bryan of Calcutta is chairman of the refreshments for the dance, and Campbell is in charge of entertainment and decorations. The spring concert will be held in the first week in May. About 25 attended the meeting at which Carl Mansfield, president, was in charge.

The next meeting will be March 4.

County Beef Institute Officers Are Returned

LISBON — Officers were re-elected at the annual Columbiana Mahoning beef institute Wednesday afternoon at the Memorial Building in Salem. They are:

Roy Kridler of Leetonia R. D. 1, chairman; Lester Burton of Salem R. D. 1, vice chairman; Curtis Hively of New Waterford R. D. 1, secretary, and Chester Roof of Salem, treasurer. There were 27 present.

E. C. Holloway of Hanoverton R. D. was elected to the extension advisory committee.

Five members elected to the beef committee for two-year terms are Roy Morris of Leetonia R. D. 1, Phil Goehring of Columbiana R. D. 2, Richard Sittler of Salem R. D. 3 and Lester Burton and Hively.

Brotherhood Dinner To Be Held At Church

The Board of Directors of the Midland Lions Club decided at a meeting Thursday that the brotherhood dinner to honor Midland clergy will be held in the Presbyterian Church social rooms.

The dinner will be held Thursday at 6:30 p. m. The Queen Esther Class of the church will serve. The directors set March 12 for honoring charter members of the club. A group of seven delegates, to be elected later, will attend the state convention in Pittsburgh May 24-26.

Emeric Davis, president, presided at board meeting at Deramo's Restaurant.

Funeral Set Saturday

FREMONT, Ohio (AP) — Funeral services will be held Saturday for Frederick S. Goebel, 77, who formerly operated sewing machine and garment mills in Louisville, Ohio, and Chelsea, Mich. He died Wednesday in Memorial Hospital.

Displays, Events To Mark County Boy Scout Week

Observance of national Boy Scout Week starting Saturday will be marked by units in the Columbiana Boy Scout Council with various displays and events, Robert Beck of Lisbon, scout executive, reported.

Some troops will decorate store windows and mark the 49th anniversary of the youth organization at meetings and programs throughout the district. A holy hour service will be held at Leetonia Sunday.

President Dwight D. Eisenhower has saluted the 4,780,000 Boy Scouts for "playing an important part in the life of the national community."

"Their high standards of personal character and citizenship help to keep our country strong," the President said. He is to greet 12 Eagle Scouts at the White House Wednesday when the youths will make a report on scouting in America.

The anniversary theme is "Onward for God and My Country," with special emphasis on the fourth Scout law, "A Scout Is Friendly."

Awards Given Scouts At District Meeting

LISBON — Boy Scout Troop 89 and Cub Pack 2 of Salem were awarded advancement trophies at a meeting of Shawnee District leaders of the Columbiana Boy Scout Council Wednesday night at United Local School at Hanoverton.

Ruurd Fenema of Salem, district advancement chairman, spoke. Instruction in gun safety was given by M. H. Miles and Dave Kirby of the Salem Hunt Club. The next meeting will be March 4.

Guilty Of Robbery

MARIETTA, Ohio (AP) — A mother who said she stole to feed her eight children has been found guilty of a \$106 armed robbery. A Common Pleas Jury Thursday convicted Mrs. May E. Siegfried, 40, Cleveland, of the holdup of a restaurant near here Dec. 22. Sentencing was deferred.

County Cancer Society Gets Certificate From State Unit

A certificate from the Ohio Division of the American Cancer Society has been presented to the Columbiana County unit for meeting standards of the national and state groups.

The certificate from Dr. Arthur James, state president, was announced at a meeting of the county unit Wednesday at Lisbon.

A total of 137 cases are being served by the unit which provides transportation, dressings, medication, diagnoses and X-ray treatment.

Walter Hunston of East Palestine, county campaign chairman, reviewed plans for the fund drive in April. The unit will send a representative to the Ohio Cured Cancer Assembly at Columbus April 5.

Board members are planning to attend an area planning dinner meeting Feb. 16 at Canton. Hunston is to attend an educational meeting March 1 at Columbus. Mrs. Jayne Calhoun, president, reported on a meeting she attended recently at Warren.

A letter of appreciation was received from Miss Nell Robinson, City Hospital superintendent, and Mrs. Sarah Davis, director of the Nursing School, for a student nurse scholarship at City Hospital sponsored by the unit.

The unit plans a display at the Tri-State Science Fair at Westgate School.

Commissioner Hits

Beaver Home Costs

Sam McCune, Beaver County commissioner, discussed issues in the May 19 primary at a meeting of the Midland area Young Republicans' Club Thursday evening in the Polish Club. Thirty-five attended.

McCune said he is "opposed to the Beaver County home and hospital annex, which he said costs too much to operate."

He said there are "too many relatives running the annex and there is a waste of taxpayers' money due to inefficient operation."

Mrs. Charles Schmitt was program chairman, assisted by Miss Margaret Boston, Mrs. Mary Jane Stoffel, Mrs. Carolyn Black, and Mrs. Henry Smith.

The next meeting to be held in March will be announced.

Rheumatic Fever Boy

Will Remain Confined

Reading cards from well-wishers, filling a scrapbook and bird watching from his window are helping Danny Barrett, 10-year-old rheumatic fever victim, pass the time while he remains confined, probably for several months yet.

The son of Mr. and Mrs. Joe Barrett of R. D. 2 has been ill four weeks and the family was told it will be several months before he will be up and around. He is a fourth grade pupil in Calcutta School.

He is making a scrapbook on animals and counted 12 red birds which came to feed on corn placed outside his window where he can see from his bed. He expressed thanks to those who sent cards.

Ex-Chemical Corpsman Speaker

Virus Warfare Agents Discussed

Development of some of the United States deadly bacteriological warfare agents was discussed by Raymond H. Jebens of Forsyth Pl., former Defense Department employee, at a meeting of the Kiwanis Club Thursday at the Travelers Hotel.

Jebens, now manager of application research at the Patterson Foundry and Machine Co., spoke of his work with the Chemical Corps about four years ago when he headed a plant producing toxic agents.

"The work in developing biological warfare agents has not been publicized as much as the A-bomb, but we have a considerable number of bacteria and virus weapons even more effective in their way," he said.

JEBENS, WHO also worked on the famed Manhattan Project, which developed the A-bomb in World War II, said he headed a plant about 4 years ago which produced toxic bacteriological agents 3,000 gallons at a time. The plant employed 75.

He said the operation also determined the amount of concentration needed to make the agents effective. Because of the likelihood of infection of the workers, the plant had a medical staff to prevent or cure such infections.

If anyone was infected, the bacteria found in the person was generally even stronger than the strain which had been used in the agent, and required even greater strength of antibiotics to combat effectively.

One of the agents produced was an anthrax type which was deadly to humans, he said. Although the plant workers were endangered in their jobs, they received pay comparable to other government

workers, most getting about 5 percent more salary, Jebens stated.

HE SAID THERE is a plant producing such agents in operation today, making toxic items so powerful they would be fatal to 95 percent of the population in a 30-square mile area. The one value of such agents is that humans are eliminated without destroying the capital investment such as buildings and factories.

"This is more efficient than an atom bomb which would also destroy the city," he said.

Jebens said there is also a large amount of work under way to provide protection from enemy bacteriological agents. He said there is more money spent on defenses against such agents than goes for offensive uses.

Jebens, a chemical engineer, said America has a superabundance of scientists to work on these projects. "What this country needs is to develop more personnel and more brain power toward humanitarian efforts, toward means of preventing the recurrence of war," he declared.

Jebens also underscored the value of early interrelationships between children as a means for bettering social contacts. He said the proper use of a kindergarten in teaching children to get along with each other is vital to modern society.

THE SPEAKER cited one professor who said he would rather his children get one year of kindergarten than two final years in college.

Jebens said another important need in education is the segregation of students later in school life so that those who learn faster and have advanced abilities can obtain

the full measure of education instead of staying with the whole group.

He said he knew of one boy in this district who showed an exceptional intelligence quotient when he first made his acquaintance but learned two years later the boy was in reform school.

Jebens said the boy had advanced past his fellow students, became bored without further educational challenges, and turned to wrong activities.

The Russians received a valuable confidence from their launching of space satellites in the past year or so, "a confidence which helps spur any nation," Jebens said.

THE RUSSIANS have, genetically speaking, as much potential human intelligence and ability as America, where crossbreeding of various types has resulted in improved mental and physical types.

Jebens said it is up to America to take full advantage of its opportunities offered by its own resources and innate ability.

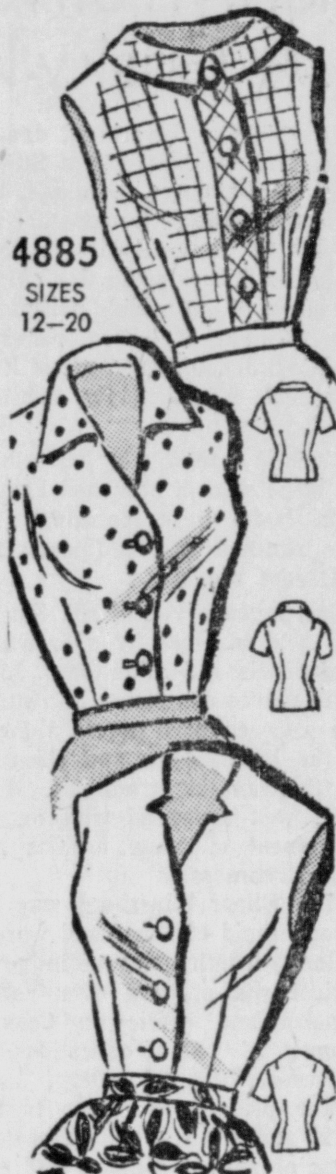

Joe Prager was program chairman. A delegation of six East Palestine Kiwanis Club members attended.

2 Small Boys Perish In Tennessee Blaze

CHATTANOOGA, Tenn. (AP)—Two small boys, left alone in a padlocked home while their unemployed father looked for a job, died when fire destroyed the two-room dwelling.

Police said the father, Howard R. Boyd as saying he had left Stephen Edward, 3, and Jimmy Lee, 5, asleep on a couch while he went to hunt work. He said he had been without a job for 18 months.

His wife, Martha, also 29, was at her job as a waitress at the time of the tragedy. She said she and her husband could not afford a babysitter.

East Firemen Buy Supplies

Action On Firehouse Insurance Deferred

Funds were appropriated for clothing and equipment at a meeting of the Liverpool Township East, volunteer firemen Wednesday evening at the Dixonville fire station.

Purchases will include 20 bunker coats for \$430, a used inhalator, \$75, three runningboard mount plates, \$11.70, and 14 helmets and shields at \$2.26.

A \$266 shipment of boots arrived this week. Expenditures for the week totaled \$1,056.70. It costs about \$60 to outfit one man with protective fire clothing, firemen said.

Funds were raised in various activities sponsored by the firemen and women of the auxiliary. The matter of a public liability policy for the firehouse was shelved until the next meeting so that bids might be received from several insurance companies.

John Conley resigned as lieutenant to attend a Northwest Airlines school for the next month. He will retain his membership until he has a permanent job and moves from the area.

Paul Hauldren of Dixonville was elected to the post. The group decided not to hold a carnival this year. Paul Cunningham, president, conducted business. Next meeting will be Feb. 18.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a girl 16 and engaged to marry a fellow 18. I know this sounds a little young but we are both mature for our age.

The trouble is my mother. She's making my life unbearable because she can't stand the boy. She has turned my father against him. I don't know how much longer I'll be able to take it.

We want to get married. My fiancé will have to go into the service in June. I can enroll in a high school and get my diploma if he gets stationed at a place near a high school. If not, I can get a job. Lots of kids manage this way and it works out fine.

If only my mother would understand that I don't care about money or luxuries. The only thing that's important is love. I have never felt this way about anyone else and neither has he. School bores me. I am more of a woman than a child.

Please put this in your column if you can help me show my mother I'm right. If not, don't bother. I have enough trouble as it is.—GWENDOLYN.

Dear Gwendolyn: You don't want advice. You just want me to support your stand so you can use it as ammunition against your mother. I have no comment to make, other than a request

that you read the next letter.—ANN LANDERS.

Disillusioned

Dear Ann Landers: I'm not writing this letter to you. I am hoping you will print it so thousands of teen-agers all over the country will give a second thought to the matter of getting married young. Whenever I read a letter in your column from a teen-ager who says "I'm only 17 but I'm mature for my age" it goes through me like a knife. I used those same words when my parents begged me to wait until I was really grown up.

I was 17 and my boy friend was 19. I thought he was wonderful. I had a crush on him ever since the sixth grade. Getting married was exciting. All the kids at school envied us.

My husband went right into the service so we moved several hundred miles from home. I missed my family. Soon we discovered the kids who "envied" us were too busy going to ball games, dances and parties, to write. We felt left out.

After the novelty of being married wore off we got sick of each other. We had so little money we couldn't even go to a movie except on pay day.

We began to argue. I felt he'd robbed me of my girlhood fun and he threw the same argument back in my face.

He got bossy and started to quote his mother as the Big Authority on everything. I never liked his mother and this made matters worse. Soon I realized I had traded one boss (my own mother) for another (my husband)—plus his mother thrown in.

After 14 months of misery I filed for divorce and went home to my folks. Nobody said "I told you so" but they were thinking plenty. Now I'm 19 and a divorcee, too old for high school, and I have no skills to handle a good job.

Sure, you kids who think you're in love can say, "We're different." Maybe you are. My older sister married when she was 16 and she said she was "different," too. She had a pair of twins after 11 months of marriage.

Divorce is out of the question for her. Now she wonders what life would have been like if she'd listened to her parents and had the fun of youth before she tied herself down to babies and a husband she doesn't love any more.

How about it, teen-agers? Does marriage still look so romantic?—A GIRL WHO LEARNED.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a stamped self-addressed envelope.

Awards Awaited Tonight By Ohio's 2 Top Newsboys

COLUMBUS, Ohio (AP)—Chief Justice Carl V. Weyandt of the Ohio Supreme Court will present achievement certificates plus \$100 each to two newsboys tonight at the 26th annual Ohio Newspaper Assn. (ONA) convention here.

The winners of the Glenn L. Cox achievement awards for 1958 are Jerald E. Miller, 14, son of Mr. and Mrs. James E. Miller of Rt. 1, Medway, and Joe Charles Young, 18, son of Mr. and Mrs. William E. Young of Middletown.

Jerald, winner of the junior achievement award, is a carrier for the Dayton Journal Herald. Joe, who took senior achievement honors, carries papers for the Middletown Journal. This is the second consecutive year that a

Journal newsboy has won the senior award.

The ONA and the Ohio Circulation Managers' Assn. sponsor the annual competition, based on excellence of newspaper delivery performance, scholastic grades and activities, personal achievements and community service.

Receiving honorable mention were: Thomas B. Dankworth of Piqua, Piqua Daily Call; Richard Lee Amos of Trotwood, Dayton Daily News; Richard Belt of Columbus, Columbus Dispatch, and John Andrews of Lakewood, Cleveland Plain Dealer.

Miller, who has been delivering the Journal Herald for more than two years increased the size of his route by 30 per cent. He has saved more than \$400 from his route profits and will apply the money toward his college education.

Young concluded his carrier service last September to accept a four-year University of Chicago competitive scholarship. He served 160 Middletown Journal subscribers and saved \$2,000 toward his college expenses.

In other activities today, publishers will attend daily newspaper round-table discussions. The talks will be conducted in three sessions, according to the circulation of the newspapers represented. Participants will be:

Papers under 9,000 circulation—Wayne W. Galvin of Galvin Newspapers, Wilmington, chairman; Clarence J. Brown Jr., Urbana Citizen; F. T. Gaumer, Marysville Journal-Tribune; Paul Rodenfelds, Washington Court House Record-Herald, and Claude M. Haswell, Bowling Green Sentinel-Tribune.

Papers with 9,000 to 16,000 circulation—J. Oliver Amos, Sidney Daily News, chairman; Don Daubel, Fremont News - Messenger, and William E. McKinney, Marietta Daily Times.

Papers over 16,000 circulation—Carl M. Adams, Lorain Journal, chairman; Clay Littick, Zanesville Times-Recorder and Signal, and Charles W. Staab, Cincinnati Enquirer.

Weekly newspapers also will have round-table discussions according to their circulation size.

The Buckeye Press Assn., composed of weekly newspapers and meeting in conjunction with the ONA convention, will elect new officers.

At tonight's banquet, Gov. Michael V. DiSalle will speak and present the annual governor's awards for distinguished service to Ohio.

Award recipients are Dr. John C. Baker, president of Ohio University, Athens; Dow Finsterwald of Athens, PGA golf champion; Dr. T. Keith Glennan of Cleveland, head of the National Aeronautics and Space Administration; Mrs. R. L. Ireland of Cleveland, former state welfare director; Charles A. Kelstadt of Chicago, a Columbus native, president of Sears, Roebuck & Co.; Donald C. Power of Columbus, president of General Telephone Co.; band leader Ted Lewis, a native of Circleville, and Charles M. White of Cleveland, board chairman of Republic Steel Corp.

Lewis and White will not be able to attend the awards ceremony.

Steel Executive's Son Killed In 2-Car Crash

WARREN, Ohio (AP)—The 32-year-old son of a Youngstown steel company executive was killed today in a head-on crash on Ohio 82 just west of the Ohio-Pennsylvania line.

Dead on arrival at Sharon (Pa.) General Hospital was Myron Watkins Jr., a salesman for Republic Steel Corp. His father is vice president in charge of sales for Youngstown Sheet & Tube Co.

The car Watkins was driving collided with one driven by John Banick, 40, of Sharon, who was hospitalized in fair condition.

'Fats' Of 'Our Gang' Comedy Fame Is Dead

MEADVILLE, Pa. (AP)—Death has claimed a second former member of the "Our Gang" movie comedy cast within the past three weeks.

Don Law, 38, who played "Fats" in some 20 of the old-time child comedy films, died here Thursday after a brief illness.

Carl (Alfalfa) Switzer, 32, was shot to death Jan. 21 in Van Nuys, Calif., in a fight over \$50.

Ex-Leader Of Nazi Bloody Purge Freed

MUNICH, Germany (AP)—Former SS Col. Gen. Sepp Dietrich, convicted of taking part in the bloody purge of Nazi storm troopers 24 years ago, was released from prison today because of poor health.

Dietrich, 67, had served half of an 18-month sentence.

Father Kills Son With Knife As Theater Patrons Look On

WILMINGTON, Del. (AP)—A movie, one specifically aimed at youngsters. His parents became more and more embroiled in a bitter discussion.

An usher snapped on the theater lights, and some 50 patrons turned in their seats. They saw Jose Longoria slashing wildly with a pocket knife at a small boy, his son Steven.

The 4-year-old died quickly of body wounds.

The mother, Violet, 25, sobbing as she was taken to a hospital for treatment of shock, told police the story.

She and her husband were estranged. She and Steven were living with her parents, Longoria, 32, was released from jail only last Thursday after serving time for drunken driving. He asked to meet her Thursday to discuss future custody of the boy.

The child sat enthralled by the

New Member Enrolled In Midland Area Scouts

Donald Lopez was accepted as a new member and David Chaney transferred into Midland Heights Boy Scout Troop 493 at a meeting Wednesday evening in the Community Building.

Scouts discussed the science courses offered by Buhl Planetarium of Pittsburgh. Herman Trent, scoutmaster, said troop registrations were late for recent courses. He said members will plan to attend courses to be offered again during the summer.

Scouts not playing basketball next Wednesday evening at Lincoln High School will be spectators.

Mrs. Trent, den mother of Den 6, reported that table decorations were discussed during a den meeting in preparation for the Blue and Gold Dinner to be held Monday at 6 p. m. in the Steelworkers Union Hall.

Police said Longoria had told them he felt the child was under a bad influence.

"I love my son, but I'd rather have him dead than grow up to be a juvenile delinquent," he said.

Longoria, onetime investigator for a private detective agency and lately a laborer, was charged with murder.

18 Students In Midland High Inducted Into Honor Society

Some 18 Midland High School students were installed this afternoon in the National Honor Society.

William A. Walters, principal, said they included Frances Alvania, Robert Aukscunas, Barbara Basta, Marie Ciccone, Ray Conjeski, James Dapollonia, Barbara Held, Mike Hornick, Ellen Huggins, Kathryn Kovacic, Robert McMillen, Anthony Molchan, Sandra Sue Moll, John Petrush, Mary Seaman, Margaret Shriver, Sandra Zapsic and Eleanor Petrosky.

Members in charge of the installation include Joan Carter, Joan Biach, Ann Seaman, John Tomec, Steve Ordich, Barbara Marciniak, Evelyn Disdore, Judy Engle, Diane McCombs and Stephanie Symonak.

Candidates must be approved by the faculty and then voted on by members. New members are judged on their scholastic record, service, leadership and character.

Walters left today to attend the Secondary School Principals Association convention through Wednesday at Philadelphia.

Dennis Cambler, a teacher, will attend the Tri-State Study Council meeting at the University of Pittsburgh Thursday.

(Continued from Page One)

of the interstate system," Preston said. Under the interstate program, the federal government pays 90 per cent of the cost with the state and local governments contributing the other 10 per cent.

Plans for the route call for the freeway and the proposed relocation of Route 30 to use the same roadbed from the city limits north to a point near Lisbon.

From there the freeway would run in almost a straight line to the intersection with U. S. 20 at Ash-tabula.

The route was approved formally by Charles M. Noble, former highway director, shortly before he left office last month. His approval followed a recommendation from Michael Baker Jr., Inc., of Rochester, consulting engineers for the highway department, and a public hearing early in December in Warren.

Preston has said he has no argument with the route selected, but the freeway must be given careful consideration in light of all construction projects being formulated on a basis of statewide need.

In effect, he told the same thing to Ashtabula County commissioners who sent him a resolution Saturday urging him to proceed with the freeway as soon as funds are available.

Trumbull County commissioners adopted a similar resolution Monday.

Today's meeting was to begin at 2:30 p. m. in Preston's office.

Besides Lang, other officers and directors who will meet with the director and some of his top aides are E. R. Chandler, a director of the association and secretary-manager of the Chamber of Commerce; J. Paul Mossman, vice president, and William Courtney Jr. of Youngstown, John Krizan of Niles, Harold Mills and William Alexander of Warren and A. C. Patterson of Ashtabula.

Police Battle 'Teen' Gangs At Mardi Gras

NEW ORLEANS (AP)—Police, bolstered by auxiliary patrolmen, will continue their fight tonight to control teen-age gangs threatening violence along jammed Mardi Gras parade routes.

Fights and other lawlessness again marred Thursday night's parade of the Krewe of Momus.

Hermes, a group which usually puts on one of the more colorful parades, has the spotlight tonight, using the theme "Ali Baba and the 40 Thieves."

Officers arrested 60 persons for various offenses Thursday night. Twenty-six were juveniles.

Twenty of the youths picked up were white. They were booked for various offenses, including refusal to move on, theft, carrying concealed weapons, fighting, and being loud and boisterous.

Reports that between 200 and 300 white boys were ganging together near the famed French Quarter looking for fights sent several squad cars into the area.

Officers broke up the mob. Two Negroes and one white youth were arrested.

Airport

(Continued from Page One)

Okla), sponsor of the airport bill, said he has no advance plans to make floor compromises such as the Democrats agreed to on housing.

Some Republicans charged that the action on housing coupled with Democratic plans for the airport bill showed that wild spenders were in control of Congress and that any hope of a balanced budget was wrecked.

But Democratic leaders contended they had met the President half way on the housing measure and that they did not see how he could veto the bill.

The bill is designed to give a shot in the arm to the nation's housing industry by meeting emergency financing needs of some key programs.

It also contains far-reaching extensions of the slum clearance and public housing programs under which many cities are rebuilding their dilapidated areas.

Out Of The Air

By JOHN CROSBY

Sleeping Beauty In A Trailer

"The Peter Tschaikowsky Story" on ABC's "Walt Disney Presents" the other night followed the classic outlines of a composer biography, a rather special form of drama much loved by the movies.

There was the boy tossing and turning and muttering: "The music! The music! It won't let me sleep!" So the nurse comes in and comforts the little boy with a story:

John Crosby

"Here is a story you have not heard—The Sleeping Beauty." she says and reads to him, as the pulsating music Tschaikowsky wrote for his ballet, "The Sleeping Beauty," begins to clear its throat in the background.

There is something intrinsically ridiculous about a composer sitting down and playing around with a piece of music that is already as familiar as most of Tschaikowsky's is.

THE DISNEY PEOPLE avoided this trap but they couldn't avoid them all.

The meeting with Rubinstein, for example, and the great pianist snoring: "Bread? Did Bach, Mozart and Beethoven worry about bread?" I imagine they all did.

Then, when his girl marries someone else, the vow never to write another note. Later, his "Swan Lake" is murdered by the critics, those bores, a fate that overtakes every composer whose life was made into a film.

Still, while the acting and writing were rudimentary, the music was glorious and that alone made the show worth listening to.

Walt Disney, as his own emcee, introduced stereophonic sound to television by advising people to turn on ABC radio with their television. I did just that and I must say the stereophonic sound was great. We must do this more often.

AN ATTEMPT to bring wide screen to TV, however, was just a little absurd. You can't make a 21-inch screen any wider. What the Disney people did was cut the top and bottom of the picture as they showed bits of the Disney picture "Sleeping Beauty."

I guess we're never going to get Cinemascope on television until they invent a new kind of picture tube.

As you've guessed, the Tschaikowsky story was just a big trailer for one of Mr. Disney's feature pictures, "Sleeping Beauty," and you'll have to pay money to see that in the theaters.

From the beginning, Disney has used television as a big come-on for his pictures and I'm awed by his ability to make a good show out of a trailer.

At the end of this movie trailer, he appended a trailer for next week's Disney show, one trailer providing a trailer for another. There's no end to it.

SUNDAY was our day for a low bow to the folk arts of other lands.

On CBS, the great art lover, Ed Sullivan, ran a kinescope of those superb folk dancers, the Moiseyevs, with their wildly exuberant and explosively energetic dances.

This just gets to be a greater treat the more often you see it. I've now seen the Moiseyevs three times and I'd just as soon see it all over again if Mr. Sullivan has the rights.

This kind of dance show ought to be repeated on television and I'm very happy the Fred Astaire show is going to be with us again (NBC, Feb. 11 10-11 p.m.).

The other folk outpouring, if you can call it that, was on the Chevy Chase, presided over by Shirley MacLaine, that magnificently impish and talented young lady.

The Chevy people, in a burst of genius, imported a panel of show business talents from Japan and put on an all-Japanese show in color. I heartily approve this sort of inter-national cross-pollination and I think television should do more of it.

OUR OWN exuberant folk arts have spilled over into foreign lands, so why shouldn't we welcome those of other people's? In fact, our rock 'n' roll has so thoroughly girdled the globe that the Japanese entertainers brought it back on this show.

Another feature of the MacLaine show was a comedy skit—and a very good one—on that Japanese sport, baseball. In fact, the only strictly Japanese skit was called "The Rice Pounders" and it was marvelous.

About the most Japanese personality on the show was Miss MacLaine, who did a demure commercial for Chevrolet as a sort of Kubuki monologue. Miss MacLaine's personality is one of the wonders of Western civilization and I only wish she had danced a bit more on this show. She's a doll.

You folks who haven't got color television are sure missing it on shows like this. Miss MacLaine in a white flower-studded kimono, the gay red and blue curtains, the dove gray screens were so eye-filling that it's as if we are seeing another show entirely.

The designers of the Chevy productions have been doing a superb job and it must be heartbreaking that so few color set owners can see them, particularly their lovely openings (this one was shown in the reflection of a pool) which are marvellously ingenious and colorful.

I might add that I don't own a nickel's worth of RCA stock but I do wish more people would buy color sets because then we'd have more color TV productions.

8 Enter Navy In Past Month

Area Recruits Sent To Great Lakes, Ill.

Sonarman 1C Frank Thompson, assistant Navy recruiter here, said eight area men enlisted during January and have been assigned for training.

Bernard J. Tice, son of Mrs. Gloria Tice of Wellsville R. D. 1, was the first to enlist last month. He had prior Navy service. Robert Kenneth Mitchell, son of Mrs. Mary Virginia Thompson of Midland Heights, enlisted, with prior service in the Air Force.

Charles Rhee Faris, son of Mr. and Mrs. Charles Stewart Faris, 605 17th St., Wellsville; Harper Farish, son of Mrs. Minniebell Farish, 838 Chester Ave., and Norman Peterson, son of Mr. and Mrs. Clyde Peterson of Bloomfield enlisted together. They were sent to the Great Lakes (Ill.) Naval Training Station for nine weeks of recruit training.

Freddie Gamble, son of Mr. and Mrs. Benjamin Gamble and Thomas Pinkerton, son of Mr. and Mrs. Hollie Cameron Pinkerton, both of East Liverpool R. D. 2, and Gary Lee Nixon, son of Mr. and Mrs. Paul Nixon of Wellsville R. D. 2, also left together for Great Lakes.

The local Navy Recruiting office, which is on the third floor of City Hall, desires to interview men who have at least a high school education and who have interest or background for technical schools, according to Chief Electrician's Mate Edwin Pease, recruiter.

U.S., State, Local Governments Cooperate

Less Spectacular Cleanup Program Continues In Wake Of Ohio Floods

By The Associated Press
A less spectacular rescue effort continues in the wake of Ohio's January floods.

It doesn't involve going through raging water to save lives and property, but it's seen in such activities as:

A state civil defense worker helping community officials apply for federal disaster relief funds for emergency repair of public property.

A representative of the federal Small Business Administration

working with the owner of a flood-damaged business and the local bank to secure a long-term, 3 percent interest loan for the business.

A county agent assisting a farmer who has suffered flood loss to get similar assistance through the Farm Home Administration of the U. S. Department of Agriculture.

A Red Cross official giving an individual flood victim a hand in applying for a red cross grant to help make up for loss to private property.

All this is an excellent example of federal, state and local governments working together, state civil defense officials say.

For the most part, federal officials are on hand to advise and assist in federal fund application. State officials, too, are acting more and more in an advisory capacity since the physical aspects of their flood relief work are about at an end.

All federal disaster funds for emergency public works in local communities, for example, go through state civil defense.

The money granted by the federal government does not have to be paid back by the community. The first applications began to come in Thursday.

But despite governmental efforts, a great deal of work remains to be done in Ohio communities hit by the high waters.

In Fremont, for example, clean-up work continues in store basements and homes. In some cases, trucks are backed up to the rear door of stores and ruined merchandise is shoveled out.

The 10-million dollar flood damage figure—6½ in the city and 3½ in Sandusky County—is still being used. Some 1,500 persons were evacuated from their homes, and although no figures on insurance protection are available, most merchants carried no flood insurance because of prohibitive rates, due in large part to the 1913 flood.

At Chillicothe, private property loss is estimated at \$7,425,000, and the over-all loss is said to be more than eight million dollars. More than 1,350 homes had water in them, but most occupants have since returned, often to find damage severe enough to necessitate almost complete rebuilding.

The Red Cross has already spent \$45,500 for rehabilitation, and the city \$27,000 for temporary repairs to its streets.

At Mount Vernon, Army engineers have already put a Norwalk firm to work repairing washed-out dikes. The Red Cross has spent more than \$10,000 and expects to spend around \$175,000.

About 90 percent of the occupants of some 900 homes that took water are back in them, and 75 percent of the 100 stores and businesses that were hit are re-occupied.

Ohio Adj. Gen. Loren Windom said the statewide flood damage figure remains at about 96 million. In Warren, more than 260 of the 1,500 forced from their homes by the flooding Machoning River have been unable to return. They are still being cared for by the Red Cross.

Mayor William C. Burbank called the flood "the worst catastrophe in Warren's history." He estimated damage at 4½ million dollars.

Police Needed Twice To Settle Union Disputes

YOUNGSTOWN, Ohio (AP)—Youngstown police were needed twice 24 hours to settle disputes between factions of Teamsters Local 377.

John J. Angelo, secretary treasurer, called officers Thursday during a disagreement with trustees Abe Schwartz and vice president Thomas Farello.

They refused to leave the union hall and used loud and profane language, Angelo said, after he removed them from the payroll and cut their expense accounts. Schwartz and Farello claimed they had a right to be in the union hall, but left after a talk with police.

It took police 40 minutes Wednesday night to break up a brawl at a membership meeting. The fight resulted when a member proposed that Schwartz and Farello be suspended from the union.

2 April Events Set By Band Boosters

The Midland Band Boosters Club made plans for two April events at a meeting Wednesday evening in the music forum at Lincoln High School.

A concert with reception will be held April 17 and the annual spring band dinner and dance April 25, with Mrs. Mitchell Disdore, vice president, social chairman for each.

Mrs. Joseph Benek, president, conducted business and announced that jackets were presented to band members before the state inaugural trip to Harrisburg in January.

Mrs. O. N. Carter, chairman of the jacket project, assisted with the presentation. Musicians who preferred Savings Bonds, rather than the jackets, will receive them later.

Next meeting will be Wednesday, March 4, in the Music Forum.

Highlandtown Firemen To Operate Concession

The Highlandtown volunteer fire department Wednesday night voted to operate the kitchen concession at the Hillcrest Community Hall on nights dances are held.

The firemen met in the Highlandtown Grange Hall. Eight were present.

25 Students Registered In Tri-State Science Fair

About 25 area students have registered so far for the Tri-State Science Fair March 12-14 at the Westgate School, according to Miss Frances Jones, member of the Business & Professional Women's Club sponsoring the event.

Miss Jones said many registrations are expected before the deadline Tuesday, since some schools will file the student applications early next week. It is hoped there will be about 75 displays at the fair, for which prizes of \$50 Savings Bonds will be awarded in five divisions.

Exhibits should not exceed 40 inches in width or 30 inches in depth, and floor exhibits should not be more than 7 feet high. Table exhibits should not be more than 4½ feet high.

William Black, chairman of the fair, said displays of sizes larger than prescribed will require special permission. For students who plan to participate in the Buhl Planetarium Fair at Pittsburgh,

width limits on their exhibits is 36 inches.

Exhibits using electricity must have spring return switches, which operate only when the button is held down. Doorbell equipment must not be used on 110-volt power. Wiring must meet standard safety requirements.

Valuable or fragile exhibits should be protected with plastic, glass, screening, wire or clamps. Working and movable exhibits must be of a type that any visitor can operate easily and safely.

Exhibits which make use of poisonous, explosive or harmful materials or conditions cannot be accepted.

Westgate School will be open for setting up exhibits at 8 a. m. March 12. Exhibits are to be in final working order for judging at 1 p. m. March 12. All exhibits must be removed by 9 p. m. March 14.

The exhibit room will be open to the public March 12 from 6 to 9 p. m., March 13 from 9 a. m. to 9 p. m. and March 14 from 9 a. m. to 6 p. m.

New Drug Helpful To Diabetics Revealed

HOUSTON, Tex. (AP)—A new drug helpful to diabetics was announced at Baylor University College of Medicine here Thursday.

Researchers said the drug, called DBI, lowers sugar levels in the blood without harmful reactions on vital organs. The drug also was found to act independently of insulin and the pancreas, the organ which produces insulin. It is taken in tablet form.

"DBI will not take the place of insulin," said Dr. Harold L. Dobson of the Baylor school. "But it will relieve some of the difficulties of insulin and will stabilize a certain number of diabetics. I personally believe it is a valuable addition to our therapeutic armament."

Bevo Doesn't Miss Game . . .

It has been nearly six years since Clarence (Bevo) Francis was making headlines all over the nation with his sensational scoring at Little Rio Grande College. And now the former Wellsville star, with the exception of a few semi-pro games once in awhile with a Massillon All-Star team, is satisfied to leave basketball alone. He lives with his wife and two children in their new home at Highlandtown and works as a kiln checker at Wellsville China.

BEVO ADMITS that the two years he spent touring with the Boston Whirlwinds in the professional circles left him feeling "ragged and a little tired of basketball."

District fans probably will get to see Francis in action during the post-season tournaments scheduled for the area. He usually joins one of the local teams.

As a pro with the Whirlwinds, Bevo said he played in some 153 games and traveled about 35,000 miles, playing virtually every night of the week, with occasional doubleheaders on Sunday.

Bring Them Up Right . . .

ALONG THE LINES of a Mid-let Basketball League, comes an idea from Farrell, Pa.

One reason Coach Eddie McCuskey has strong teams year in and year out is that he starts teaching his boys the system and patterns used by the varsity team when they are 10 and 11 years of age.

McCuskey holds classes each Saturday morning and instructs the youngsters.

That's the way it could work here, with the same varsity patterns taught in the Midlet League and Junior High Schools.

It has paid big dividends at Farrell where McCuskey has won two state championships and was in the state finals four out of five years.

AFTER watching East Liverpool pull a semi-freeze against the Quakers last Friday night, a Sa-

Local Boys Make Good . . .

AL BAILEY isn't the only local boy making good these days. Dencil Miller, a teammate of Bailey's on the Potters' great team of 1946-47, boasts a 14-3 record at Pettisville High School near Toledo.

And the three losses suffered by Pettisville have been by a total of only five points.

Miller's team hasn't sewed it up yet, but it looks like Pettisville will win its fourth straight Fulton County League title.

Dencil is a brother of Kenny Miller, a sophomore, who is performing on the Potter varsity.

Another East Liverpool product, Dan (Mole) Fisher, is Miller's right hand man at Pettisville.

Dan coaches the junior high

team.

SWITCHING to baseball, John Stackhouse, a lifelong friend of Hi Myers, one of East Liverpool's major league stars, called to remind us that Hi played on the same Brooklyn team with Zach Wheat, who was named to the Hall of Fame last week.

Stackhouse said that Wheat played left field while Hi was in center and that for a few seasons Casey Stengel, famed manager of the New York Yankees, was the third man in the Dodger outfield.

Wheat played with the Dodgers from 1909-26 while Hi joined Brooklyn the same year 1909 and played until 1922.

DON FOWLER, who learned his basketball under coach John Robinson at Newell, is among the starting five at Davis and Elkins College, Elkins, W. Va.

The 22-year-old psychology major is averaging better than 11 points a game for the Senators. Before entering college, Don served in the Navy and played for the Naval Air Champs and the All Navy Champs of the Far East.

RALPH FUSCO, publicity director for the Wellsville Jaycees, said that entries are coming in slowly for the club's tourney March 23-28. Any team interested may call Ralph at LE 2-3285.

THE WEIRTON Community Center will hold its annual tourney April 2, 3, 4, 5, 10 and 11. It will be limited to 32 teams. Entry blanks may be obtained by writing to the Community Center.

THE THIRD annual Beaver Valley Basketball Officials Tournament will be held March 2-7 at New Brighton. For entry blanks, contact John Berdell, 176 Pennsylvania Ave., Rochester.

ONE OTHER tourney, sponsored by the Varsity "A" Club of Ashland, is set for March 9-14. Entry blanks may be obtained by writing Mike Shelley, Varsity A Club, Box 405, Ashland College, Ashland, Ohio.

Wellsville Battles Chester In Top Fray

High Scorers Expected To Wage Battle

A duel between two of the districts top scorers is expected to unfold tonight at Beacom Memorial gym when Chester and Wellsville meet in a return engagement.

Reserve squads from the two schools will clash at 7, with the varsity contest set for 8:30.

District Basketball TONIGHT
Chester at Wellsville
Midland at Rochester
Bethany at New Cumberland
Beaver Local at United
Columbiana at Lisbon
Akron St. Vincent at Salem
East Palestine at Poland
Irontdale at Springfield
South Side at Midway

SATURDAY
Toronto at East Liverpool
Wellsville at Goshen Union
Fairfield-Waterford at Atwater

The scoring battle should develop between Dan Baldwin of Wellsville and Chester's Dave Brookes.

Baldwin is currently the district's top marksman with 309 points for a 25.7 average. Brookes, the little southpaw, is right up there with 289 points and a 19.2 average. He is third in the district scoring department.

Coach Max Tuttle will send his forces after their 11th victory against four setbacks and at the same time attempt to avenge a previous loss to the Tigers.

Wellsville took the first game this season at Chester, 70-60. Coach Jack McDevitt's team sports a 7-5 mark and has won its last two starts.

Wellsville will play at Goshen Union Saturday night.

Two district schools will close the 1958-59 campaign this weekend and await drawings for the Class 'A' tourney.

Irontdale, having one of its best seasons in several years, puts a 10-5 record on the line in its final game tonight at Springfield.

Fairfield-Waterford is idle tonight, but will close its season Saturday at Atwater.

Midland will attempt to hold on to first place in the Section 8 race tonight at Rochester. The Leopards and Hopewell are still deadlocked with 8-1 records.

In another top contest tonight, Beaver Local will be looking for an upset victory at United. The Golden Eagles have been taking their bumps lately, losing their last two out of three. Beaver Local shows a 6-7 record to United's 12-3.

Bethany returns to Hancock County tonight to tangle with New Cumberland (6-9). Bethany owns a previous 81-75 victory over the Blue Raiders.

Columbiana (6-7) plays at Lisbon (4-8), while East Palestine (7-6) seeks revenge tonight at Poland in two Tri-County League games.

The Salem Quakers shoot for their 12th straight when Akron St. Vincent comes to town and South Side (10-9) travels to Midway.

Young Canadian's Subpar 63 Leads In Phoenix Open

PHOENIX, Ariz. (AP)—A youth brigade, commanded by 25-year-old Jerry Magee of Toronto, Canada, led today's parade of touring pros into the second round of the \$20,000 Phoenix Open Golf Tournament.

Magee moved out front Thursday with a seven-under-par 63 that knocked one stroke off the Arizona Country Club course record.

The young Canadian needed only 13 putts in posting a four-under-par 30 on the front nine, and 14 for the three-under 33 coming home.

One stroke back was Joe Campbell, 23, Knoxville, Tenn., former golf and basketball star at Purdue.

Others in the youth movement were John McMullin, 23, of Fair Oaks, Calif., with a 65; and Tommy Jacobs, Whittier, Calif., who'll celebrate his 24th birthday a week from today, at 66.

Some of the familiar names began cropping up at the 67 marks, where Gene Littler, San Diego, Calif., Marty Furgol, Lemont, Ill., Paul O'Leary, Bellflower, Calif., and Bob Harris, Winnetka, Ill., are deadlocked.

U.S., Canada Skaters Favored To Win Titles

TORONTO (AP)—Skaters from the United States and Canada are favored to divide the four major titles in the North American Figure Skating Championships starting today.

Carol Heiss, world and U. S. titleholder from Ozone Park, N. Y., is the class of the field in the women's singles. She also is the defending champion.

Defending champion David Jenkins of Colorado Springs, who also holds the world and U. S. men's singles titles, will not be present due to the press of school work. But Tim Brown from Colorado Springs, is on hand. Brown was runner-up to Jenkins last week in the U. S. championships and figures to be the top man in this one.

Toronto, With 10-1 Mark Appears At M-A Saturday

The Toronto Red Knights, who will appear at Memorial Auditorium Saturday night, have been rolling right along since they defeated East Liverpool last month at Toronto.

Coach Paul Kalivoda's Gem City team now has a 10-1 record, losing only to Weirton, 49-30. The Knights face that same Weirton five tonight.

With the 10-1 mark, Toronto is sitting on top of the Ohio Valley Athletic Conference and the Red Knights are in the midst of one of their best seasons in the school's history.

In the first meeting this year, Toronto downed East Liverpool, 48-45. Since then Toronto has defeated Mingo Junction, 71-59, Chester 46-41, Wintersville, 69-56, Wellsburg, 61-58, and Jefferson Union, 71-59.

Bardstown Can Sweep Four Major Handicaps In Florida

By The Associated Press
The task has been made easier for the Calumet Farm's Bardstown, the rugged old 7-year-old campaigner who has an opportunity to sweep four major handicaps in Florida this winter.

Mrs. Adele L. Rand's Clem, who was expected to provide Bardstown's chief opposition in the \$50,000-added McLennan Handicap Saturday at Hialeah, was withdrawn because of a torn ligament.

The Hialeah management expects from eight to 10 starters in the mile and one eighth race. Bardstown has top weight of 126 pounds. The Calumet star won the Tropical Park handicap last month, duplicating his 1957 victory.

The \$50,000-added Santa Margarita handicap, a mile and one eighth for fillies and mares, is the Saturday attraction at Santa Anita Park. The New Orleans Fair Grounds offers the \$10,000-added Louisiana handicap at a mile and one sixteenth. Bowie, Md., opens a 44-day meeting Saturday with the Early Bird purse, a preliminary to the \$10,000 Abraham Lincoln Stakes there Feb. 12.

Two years ago Bardstown was upset by Summer Tan in the McLennan after winning the Tropical handicap. Bardstown then went on to capture two \$100,000 events, the Widener at Hialeah and the Gulfstream Park handicap.

Calumet's Armed won the 1946 Widener, then in 1947 grabbed the Widener and the Gulfstream as well as the McLennan. Two years later it was Calumet's Coalton that made good in the rich triple.

With Clem absent, the Claiborne Farm's Nadir, 118, and the Fair Lawn Farm's Sharnburg, 116, are next in the weights. Both were listed at 3 to 1 in the early odds, with Bardstown the favorite at 6 to 5.

C. V. Whitney's Bug Brush, already the easy winner of the Los Flores and the Santa Monica handicap at Santa Anita, heads a field of 14 probable starters in the Santa Margarita. Big Brush drew top weight of 126 pounds.

Brown, Busso Prep For Wednesday's Fight

HOUSTON, Tex. (AP)—Lightweight Champion Joe Brown took it easy today, but challenger Johnny Busso scheduled a second brisk workout in as many days.

The pair meet in a title fight here next Wednesday night. Busso worked five rounds Thursday against Ray Portilla. Brown was in the ring four rounds with Candy McFarland.

Brown's manager, Bill Gore, said the champion would be back in the ring again Saturday, Sunday and Monday.

Bradley Five In Three-Way League Battle

By DON WEISS

race with Cincinnati and St. Louis that should carry the stretch suspense of some of the old Cunningham-Venzke-Bonthron mile duels.

Only the Southeastern Conference, with Auburn, Kentucky and Mississippi State, can hope to match the Mo Valley for class and balance at the top of the league standings.

Cincinnati, with its great Oscar Robertson, is the front-runner in the MV with an 8-0 league mark. St. Louis, carrying a 12-game winning streak, and Bradley trail with 5-1 conference record. Both defeats were inflicted by Cincinnati.

St. John's (N.Y.) returned to Madison Square Garden and regained its winning touch 85-76 over Richmond. Utah fattened its Skyline Conference lead by trimming Colorado State U. 68-48, and Eastern Kentucky held its Ohio Valley Conference lead with a 72-69 decision over Tennessee Tech in Thursday night's other features.

Bucknell handed Temple its 12th loss in 17 tries, 79-72 as Bob Erickson scored six points in the closing minutes. Bob Skousen hit for 24 points and John Nicoll 22 in Brigham Young's 85-77 victory over New Mexico, and Montana dropped Wyoming 73-61 despite a 36-point performance by Tony Windis. Orby Arnold's 21 points led Memphis State over Tampa, 95-65.

Men's Olympic Skating Combine Hailed Strongest

MINNEAPOLIS (AP)—America's 16-member men's Olympic speedskating squad was hailed today as the nation's strongest of the postwar era.

But in labeling that, Lamar Otson of St. Louis, chairman of the U. S. Olympic Speedskating Committee, acknowledged "it is useless to make any rash predictions about how we will fare in the 1960 games."

The four-day trials at Powderhorn course here wound up Thursday with the naming of two more men in the Olympic roster, Californians Dick Hunt of Los Angeles and Ross Zucco of Hollywood in the 10,000 meters.

And joining the six member women's team as the final qualifier was the astonishing Cornelia (Pooch) Harrington, a 15-year-old Wayne, N. J., high school sophomore.

Until she outskated a field of 16 in the 3,000 meters Thursday, Pooch had run up a string of way behind performances that led some Olympic officials to wonder why she was entered.

But she clicked off a 6:24.2 to best Jean Simons of Chicago by a second. Miss Harrington thus became the youngest member of the U. S. speedskating forces and one of the youngest who will represent this country in any kind of competition.

Ohio Sets Regional Tournament Sites

COLUMBUS, Ohio (AP)—The Ohio High School Athletic Assn. today announced sites for regional basketball tournaments.

Class AA: At Toledo (Waite High School, Toledo University; Cincinnati (Cincinnati Gardens); Berea (Baldwin-Wallace) and Kent (Kent State University). The Berea event is slated for March 11-12, the others March 13-14.

Class A: At Athens (Ohio University); Troy (Hobart Arena); Lima (Senior High School), and Canton (Memorial Field House). The Athens and Troy regionals will be March 12-13-14, and the other two March 13-14.

Cubs And Indians Only Clubs With All In Fold

By SHELDON SAKOWITZ
Associated Press Sports Writer
The Chicago Cubs and the Cleveland Indians are ready for the start of spring training.

The Cubs joined the Indians Thursday as the only major league baseball clubs with all players signed when pitcher Dave Hillman agreed to terms. Cleveland announced last week that all its players were in the fold.

Activity on the signing front was brisk Thursday as other clubs also received signed agreements from their hired hands.

The Chicago White Sox signed their 24th and 25th players, leaving them with 14 unsigned. Centerfielder Jim Landis and rookie pitcher Stover McIlwain were the pair who agreed to terms.

The Los Angeles Dodgers boosted their signees to 24 when Jim (Junior) Gilliam, an infielder-outfielder, came to terms. Gilliam batted .261 last year.

Three Philadelphia Phils' players signed, bringing the total to 24. Infielder Bobby Young, catcher Jim Hegan and rookie pitcher Don Erickson were the latest to join the fold, leaving 18 unsigned.

The Kansas City Athletics increased their list to 20 when veteran infielder-outfielder Dick Williams and three rookies agreed to terms.

The others were pitchers Ken Johnson and George Brunet and second baseman Luke Klimchuk. A pair of New York Yankee catchers signed, bringing the Yank list to 10. Darrell Johnson and rookie John Blanchard were the signees.

The Boston Red Sox signed two rookie pitching prospects, Jerry Casale and Arnold Earley, bringing their total to 14.

Pitcher Herm Wehmeier and catcher Lou Berberet signed with the Detroit Tigers.

The Washington Senators signed pitchers Hal Griggs and Ted Abernathy, and re-acquired left-hander Chuck Stobbs, who was waived out of the American League last season.

Westgate Drops 32-26 Verdict To Wellsville

Wellsville evened the score with Westgate by picking up a 32-26 victory Thursday afternoon at the Beacom Memorial gym.

It was the sixth win in nine games for the young Tigers. Westgate defeated Wellsville earlier in the season.

John Euill paced Wellsville with 11 points.

four points at halftime and by the time the third period ended trailed by only one, 25-24.

It was the fourth win in nine starts for Coach Dom Cascio's team which owns a previous victory over Beaver Local.

Roger Linville again sparked the East End Panthers with 16 points. Hawkins and Greenwood shared honors for Beaver Local with nine each.

East travels to Toronto next Thursday.

Purdue Eyes Upset Victory Over Spartans

By The Associated Press
The same balanced, all-senior lineup which blasted Illinois 102-81 last week holds Purdue's hope of upsetting leading Michigan State Saturday in a key game of the Big Ten basketball race.

The steadily improving Boilermakers, winning their last two starts for a 3-3 record, should be a dangerous obstacle on their home court for the poised Spartans.

The licking handed Illinois may mean Purdue has jelled into the contender it was supposed to be. Second place is at stake at Michigan, where the invading Indiana Hoosiers make their first appearance since their amazing, record - shattering 122-92 victory over Ohio State Monday.

Michigan and Indiana have 4-2 marks. The game will be the weekly afternoon regionally televised fare.

In other games, Illinois (3-4) is at Northwestern (3-4), Minnesota (4-3) at Iowa (3-4) and Wisconsin (0-5) at Ohio State (3-5).

Michigan State's only defeat in seven conference starts was on the road, 80-63, at Iowa, since then the Spartans have tumbled Illinois, Ohio State, Minnesota, Northwestern and Wisconsin.

Topping Purdue's senior lineup is 6-5 Willie Merriweather with a 20.6 scoring average and Wilson Eison with 18.

John Green heads MSU with 19.5 while Bob Andereggs has 18.8 and Horace Walker 13.8.

RBI Totals Show 4 Men Out In Front

By FRANK ECK

AP Newsfeatures Sports Editor
The picture among baseball's long ball hitting opportunists is changing.

Three years ago the top National League sluggers at driving in runs were Duke Snider, Ted Kluszewski, Del Ennis, Willie Mays, Stan Musial and Gil Hodges.

Of the sextet only Mays remains as a threat to send home 100 runs. New men in the National League picture are Ernie Banks of the Chicago Cubs and Hank Aaron of the Milwaukee Braves. They are the only senior circuit hitters who have driven in more than 100 runs in each of the last two seasons.

Banks, league leader in 1958 with 129, has 231 rbi's for the last two campaigns. Aaron, 1957 pace setter with 132, has 227 over the last two years.

New names in the rbi derby include Frank Thomas, 29, of Cincinnati with 198 for the last two years, the Giants' Orlando Cepeda who had 96 as a 21-year-old rookie, and Philadelphia's Harry Anderson, 27. He drove home 97 markers last year, his second in the majors.

The American League, too, shows a change over the picture of three seasons back. Only Boston's Jack Jensen, 1958 leader with 122, and Washington's Roy Sievers, leader for 1957 with 114 rbi's, have batted in more than 200 runs the last two years. Jensen with 225 leads Sievers by three over that span.

The Yankees' Mickey Mantle isn't fading, not at 27, but he's been below 100 rbi's in each of the last two campaigns. What hurt him last year were the 129 walks he received and the 120 times he fanned.

Yogi Berra, approaching 34, has dipped below 100 the last two years after four straight seasons above that bracket. The Yogi is showing signs of wear after nine straight years behind the bat. That's why Casey Stengel talks of putting him in the outfield. Yogi caught only 88 games in 1958.

Two new sluggers in the present picture are Cleveland's Rocky Colavito, who shows 197 rbi's for his two full major league seasons, and Kansas City's Bob Cerv.

Colavito, 24, last season went from 84 to 113. Cerv had a 104 rbi year at 32. It was the second time he ever got the chance to play more than 70 games in one season. And he's been a big leaguer for more than seven years. He got little opportunity with the Yankees. They had better hitters in his younger days.

Boston's Frank Malzone is another good man at sending runners across. He's had 190 rbi's in the last two years, or only one less than Mantle for the same spell.

When the 1956 season began, the National League had six hitters who had driven in more than 200 runs in the two previous campaigns. The American League had six men in the same category. Now each league has only two with the double century figure. Maybe the pitchers are getting smarter.

Knicks Down Nats For Ninth Straight Time

By The Associated Press

The New York Knickerbockers are making like giants to the Syracuse Nats in the National Basketball Assn. They have whipped the Nats nine straight and have virtually clinched second place for the Knicks in the Eastern Division.

The Knickerbockers downed the Nats 111-98 Thursday night in the first game of a doubleheader in Philadelphia. The home town Warriors beat the St. Louis Hawks 106-95 in the second game.

The third-period shooting of Ken Sears enabled New York to take a 6½ game lead over the third-place Nationals. Sears had 11 of his team's 31 points.

The Warriors led the Hawks almost all the way to move to within two games of Syracuse. Paul Arizin paced Philadelphia with 24 points. Bob Pettit and Cliff Hagan had 23 each for St. Louis.

\$55 Million Battleship Heads For Scrap Heap

BALTIMORE (AP)—A 55 million dollar U.S. battleship that never went to war is headed for the scrap heap.

The Kentucky will be towed into Baltimore today. She is a victim of the times and mishaps.

They couldn't finish her in time for World War II. It ended too soon. So work on her stopped.

She's being sold by the Navy to the Boston Metals Co. for \$1,176,000.

Baseball Pay TV To Start On West Coast This Year

By JIM KENSIL

Associated Press Sports Writer
NEW YORK (AP)—San Francisco and Los Angeles, major league baseball's youngest franchises, today were being viewed as testing grounds for the most significant business move in the national game since somebody first passed the hat around an open field.

That would be the televising of major league games on a pay-as-you-see basis. As outlined to The Associated Press Thursday by Skiatron of America, the subscription TV plan is being readied for introduction in the two Pacific Coast cities about July 1.

The move had been talked about ever since 1957 when the former New York Giants and Brooklyn Dodgers first announced they would move West.

For months Skiatron, reportedly involved greatly in the double franchise shift, maintained silence on the basis that it could not disclose information that would put it at a competitive disadvantage.

But when questioned Thursday

the company said its plans had jelled to the extent that it expects to telecast into Los Angeles and San Francisco homes by the middle of the baseball season.

Additional Skiatron plans also call for pay TV of college football games in the two West Coast cities.

The sports telecasts would be part of over-all programming which would include movies, plays, and other non-sports presentations. The cost of viewing a single game has not been set, Skiatron said, but it would be less than a fan pays at the gate.

Baseball Commissioner Ford Frick said today it is proper that pay TV should get a trial on a regional basis. But he added that until a thorough test is made he would not want to comment on its national significance to the game. He said he considers pay TV still to be a matter left to the discretion of the individual clubs.

NCAA In Favor Of Pay TV For Fall Football

CHICAGO (AP)—The NCAA Television Committee is "quite

sympathetic" to pay-as-you-see experimental telecasts of regional college football in Los Angeles and San Francisco next fall.

The committee will act on subscription TV when it reconvenes in Chicago Feb. 16-17 for a final vote on the 1959 football program.

Adjourning a three-day session Thursday, the committee provisionally agreed on a plan similar to that of 1958 which includes 9 national and 4 regional telecasts. The 1959 program, which must be approved by a 2-3 vote in a membership mail referendum, could have a 1-game variance in the national-regional ratio — either 10-3 or 8-5.

"The committee was quite sympathetic to the experiment," said Asa Bushnell, the committee's TV program director. "We are curious to know what it will be and what it is going to do. There appears to be limitless possibilities."

The committee said a subscription TV firm (Skiatron) has applied for — and may get — permission to present regional college football in Los Angeles and San Francisco on a test basis.

Paris Professor Named To Case Institute Post

CLEVELAND (AP)—Dr. Paul Lacombe, head of the department of metallurgy and director of the research center of the School of Mines of Paris, has been appointed to the newly-created Republic Steel Corp. chair of metallurgy at Case Institute of Technology. Dr. Lacombe will teach course in metallurgy at the graduate level and participate in research activities during his spring semester stay at the school.

Dr. Lacombe is the first of several visiting professors who will occupy the chair.

Welters Meet In TV Match

NEW YORK (AP)—At 26, Rudell Stutch is coming. At 23, Gaspar (Indian) Ortega may be going.

Whether the trend continues or not will be determined in Madison Square Garden tonight when the welterweights clash in the television 10-rounder.

Although Stutch is unranked and Ortega still is the No. 6 contender, the older newcomer from Louisville is the 8-5 favorite for his garden debut.

Stutch, a sausage stuffer for a Louisville meat packing firm, a church elder and father of four boys and a girl was an amateur for eight years. He didn't turn pro until nearly three years ago.

Thus, although he's three years older than his ring-tested foe, Rudell has had only 21 pro fights. His record is 17-4, including nine knockouts.

The loose-limbed, right-hand beller, moved into the national limelight last year. He had 12 fights and won 10 of them. Among his victims were Charlie Cotton, Duke Harris, Isaac Logart, Yama Bahama, and Chico Vejar.

Ortega, top-ranked at the start of 1958, has run into a succession of bad breaks. The tall, swarthy, free-swinging Mexican has lost three straight, all by split decision. The first two were to Don Jordan, now the 147-pound champion, and the last was to baby-faced Denny Moyer at the Garden last month.

Ortega, a pro since he was 17, has a 47-14-2 record, including 20 kayos. Most of his fights have been tough scraps.

British Pilot Wins

One-Man Bobsled Title

ST. MORITZ, Switzerland (AP)—Lt. Colin Mitchell, a British Royal Air Force test pilot from Little Common, Sussex, won the world one-man bobsled championship today.

He scored a total of 305.6 seconds for six heats — three Thursday and three today — down the icy Cresta run.

Switzerland's Robie Kuederli and Italy's Nino Bibbia tied for second at 305.7 seconds.

In one-man bobsledding, termed skeleton racing, the rider lies face down on a small sled only a few inches above the icy surface of the course.

Josh Powell looks like a coming basketball star at Georgia Tech. In his first game as a freshman he tallied 30 points.

West Virginia To Clash With Holy Cross On TV

MORGANTOWN (AP)—Several million people are expected to witness tomorrow's nationally televised basketball match between 10th-ranked West Virginia and Holy Cross. The tip-off is set for 3 p.m. EST.

The game will be telecast by NBC with Lindsay Nelson handling the play-by-play chores.

Holy Cross, at the moment, has a 10-4 record as compared with WVU's 17-3 figure. The Crusaders will play at Pitt tonight before coming here for tomorrow afternoon's affair.

Among interested spectators at the Pitt proceeding will be WVU Coach Fred Schaus. The Mountaineer mentor described Holy Cross as a typical eastern style team which employs the give-and-go type of attack.

"I understand they have six pretty good players," Schaus said, "but the Pitt game will be my first look at them."

The number of fans witnessing the WVU-Holy Cross game doubtless will surpass the combined total which has watched all Mountaineer basketball games down through the years.

Schaus is anxious for his team to make a good showing, especially in view of the number of people expected to tune in their video sets.

WVU has won its last 10 games and has a 30-game home victory streak going. A loss would not only break the streaks but would mar the university's birthday celebration. The university will light 92 candles on its cake tomorrow, having been established Feb. 7, 1867.

WVU has been forced to come from behind halftime deficits in its last three outings to gain the decisions. The Mountaineers whipped Pitt, 73-64, here last Tuesday in an effort described by Schaus as:

"We played good enough to win, that's about all I can say."

The WVU mentor gave credit to Bucky Bolyard, Jim Ritchie and Ronnie Retton for providing the spark in the Pitt game.

Against the lone common opponent so far this season, WVU whipped Yale here, 80-52, while Holy Cross downed the Elis 61-49 at New Haven, Conn.

Chicago Downs Bruins On Freak Goal In NHL

By The Associated Press

Strange things are happening in the National Hockey League.

A shot aimed 25 feet wide of the net winds up as the winning goal. The powerful Montreal Canadiens haven't won in four starts. The New York Rangers, who lost their first five games to Detroit, now have beaten the Red Wings three in a row.

There are other noteworthy developments.

Andy Bathgate of the Rangers has taken over the league's individual scoring lead, breaking a deadlock with the Canadiens' Boom Boom Geoffrion. Jacques Plante, Montreal goalie, has a groin injury. Terrible Ted Lindsay of Chicago still is giving referees fits.

All this came about as a result of action Thursday night when New York blanked Detroit 5-0.

Chicago edged Boston 2-1 and Toronto defeated Montreal 6-3.

Bathgate increased his point total to 63, two more than Geoff-

frion, with a goal and two assists. Red Sullivan chipped in with two goals as Gump Worsley chalked up his second shutout of the season, both against Detroit.

A freak goal by Pierre Pilote, enabled Chicago to down the Bruins. Pilote lofted the puck into the Boston zone and it hit the curved boards in the right corner, bounded crazily in a lateral direction for 25 feet, glanced off goalie Don Simmons and slowly rolled behind Simmons as he missed a swipe at it.

Six minutes later, Lindsay was given a 10-minute misconduct penalty and a game misconduct (automatic ejection) for protesting a penalty called on a teammate.

Plante's injury forced him to sit out the third period. Frank Mahovlich and Dick Duff paced the Leafs' attack with two goals each.

Sophomore Bob Stewart of Shawneetown, Ill., is the only non-Texan on the University of Texas basketball squad.

Larue Gets Coaching

Job At Arizona U.

TUCSON, Ariz. (AP)—The University of Arizona today pinned its hopes for an improved football program on a virtually untried coach.

Jim Larue, 34, was named Thursday to his first head coaching job and given the task of rebuilding Arizona's gridiron fortunes. He is former backfield coach at Southern Methodist.

Larue is the fifth head football coach at Arizona in the last 12 years and the 19th in the school's 59-year football history. He succeeds Ed Doherty, who resigned two weeks ago after two losing seasons.

Keep In Trim

By IDA JEAN KAIN

Rebellion Can Prevent Teen-Age Slimness

Overweight teen-agers, if nagging from your parents about your excess fat causes you to "stuff like crazy" in sheer rebellion, today's column will be enlightening.

First, we'll take the case of a troubled teen who has written to ask your dietitian's help with her mounting weight problem. She writes:

"Last night I was so discouraged, I threw away all my columns I had saved. Early in my overweight life my family kept after me all the time to lose weight. Talk, talk, talk! Humiliated, I would starve myself for a week or two and lose ten pounds and then the talk would let up. The next week I would gobble up everything in sight—that's what I'm doing right now! I'm only 19, but I weigh 200 pounds and I look like an ill, overweight, 35-year-old maid!

"TONIGHT'S COLUMN, entitled 'Dieters Need More Boosters,' came just in the nick of time. Will you please help me to make a fresh start?"

Overweight teen-agers, have you ever said something like this: 'I'd diet if you would only let me alone, but you nag me so, I'll eat more than ever!' If this has a familiar ring, let's ferret out what is back of your defiant attitude.

Could you, without realizing it, be looking for an excuse not to

have to diet? You perhaps regard your defiance as a way of exerting independence—you want to lead your own life.

But is that really it? Dieting isn't easy because you love to eat. In fact, diet calls for the greatest degree of self-control. It is particularly hard for a teen-ager to cut down. Why? Because you haven't lived long enough yet to have matured sufficiently to have developed self-control.

It is difficult to catch on to the trick you are playing on yourself when you go hog wild on food. Unknowingly, you are goading your parents to say something so that you can use their "nagging" as an excuse to go on stuffing!

Overweights, recognize that sometimes girls stay fat and spoil all their fun simply not to give satisfaction to those who are seemingly trying to rule their lives. Well, whom are they thwarting?

RECOGNIZE THAT the motivation to reduce must come from within you. You are the one to reap the rewards. Once you regard diet as the greatest favor you could do yourself, you have a whole new perspective.

In short, licking the weight problem becomes a personal challenge. Start by giving your mind a picture of yourself the way you really want to look, slim-waisted and shapely weight.

To help you with your food pattern, send long, stamped, self-addressed envelope for "Teen-Age Slimming Challenge." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests can not be answered.

Albert Blackburn, 46, of 911 Dresden Ave., has been conveyed to the Lima State Hospital for a 60-day mental examination after he confessed to a sodomy charge in Jefferson County Common Pleas Court at Steubenville.

Blackburn was indicted by the January Grand Jury after his arrest last month with a Wellsville boy in a parked car on the Hollow Rock Rd. near Route 213.

In other cases, two Hammondsville men pleaded innocent to charges of breaking and entering and larceny while a Steubenville area man is to be arraigned Monday for larceny.

Bond was set at \$2,500 each for Edward Hooper, 34, and Donald Hooper, 28, both of Hammondsville. Howard Martindell of Salineville, R. D. is due for arraignment.

Cincinnati Plans Enforcement Of Sunday 'Blue Law'

CINCINNATI (AP)—Cincinnati

intends to go ahead with its plans for enforcement of Ohio's Sunday "blue law" without waiting to see what the Legislature may do with the old statute.

The law prohibits operation of businesses on Sunday unless they are deemed necessary. Bills have been introduced in the Legislature both to repeal and revise the law.

Thursday, however, City Manager C. A. Harrell told officials of Free Enterprises Inc., that "I hope the Legislature takes action but it might or might not and then we get right back to where there still is a law to be enforced."

The Free Enterprises group asked deferment of enforcement until the legislature acts.

The City Manager told the group he believes all businesses fall into three categories—those clearly forbidden to operate, those obviously allowed to operate and those in an uncertain or "twilight" group.

Harrell said the first crack-down would be against those in the group clearly forbidden to operate.

"If someone is dissatisfied and wishes to go to court, that will not make us mad," he added.

Highlandtown Youth Elected

4-H Council Names Advisory Committee

A Highlandtown youth and a Rogers woman were elected to the Columbiana County Advisory Committee when the County 4-H Council held its quarterly meeting Thursday night in county extension office at Lisbon.

Ronald Kampfer, a 4-H member, was elected for a two-year term and Mrs. Ruth Jenkins, advisor, was elected for one year.

Judy Dornick of near Wellsville was elected secretary of the council to fill the unexpired term of Penny Arter of Lisbon, who resigned.

George Green of Geauga County, State 4-H Advisory Committee representative, discussed activities of the State 4-H Council and showed slides of the 4-H Club Congress held in Chicago last December.

Enrollment dates for county clubs were set for March 1 and May 1, in another move for a year-around 4-H Club program. Reports were given by all committees.

A letter will be forwarded to W. B. Wood, director of the Ohio Agriculture Service, requesting another home demonstration agent for the county. The county is entitled to two but has only one at present.

Mrs. George Hawkins of Salem, president. Fourteen members attended.

Officers Nab Kidnap In Coast Chase

FAIRFIELD, Calif. (AP)—Officers captured a gunman-kidnap today after a 120 m.p.h. bullet-spattered chase.

They identified the man as Charles D. McArthur, 40, of Dixon. He was seized 5½ hours after the wife of a wealthy Dixon chicken rancher was kidnapped and a \$100,000 ransom demanded.

He was caught on the outskirts of nearby Vacaville at 5:31 a.m. in the auto of rancher John Dawson after firing a shotgun charge and blowing out the windshield of a pursuing sheriff's car.

Dawson's wife, Hilda Faye, 65, was rushed to a Vacaville doctor. Dixon, Vacaville and Fairfield are all between San Francisco and Sacramento.

Dawson reported to Sheriff Thomas E. Joyce shortly after midnight that the man was waiting when he and his wife arrived at their home a mile east of Dixon at 11:45 p.m.

Chiari Says Romance With Ava Is Over

MELBOURNE, Australia (AP)—Italian comedian Walter Chiari says his romance with film star Ava Gardner is over.

"But it was a beautiful friendship," Chiari said.

Chester Motorist Cited For Passing Halted School Bus

DONALD R. VANDYKE of Box 59, Chester, forfeited a \$31 bond today in Municipal Court on a charge he passed a halted school bus in East Liverpool Thursday afternoon.

Vandyke was cited at 4:05 on St. Clair Ave. for passing a school bus which had halted with its flasher lights blinking to discharge passengers, officers said.

Two others forfeited \$16 bonds. They are: James Edward Price, 21, of Brown, W. Va., cited at 4:49 a. m. today for passing over a double yellow line on Dresden Ave., and Richard L. Waite, 129 Sanford Ave., arrested Thursday morning by the State Highway Patrol for speeding on Route 7.

Arthur Devaux, 315 Wood Alley, was fined \$5 and costs Thursday afternoon on a charge he failed to halt for a stop sign at the intersection of County Rd. 424 and Route 30. A hearing still is pending for Lawrence B. Reed of Glenmoor, also cited for ignoring the same stop sign. Both were arrested by the Highway Patrol Wednesday morning.

'Big Apple' Pie

LOCKPORT, N. Y. (AP)—Asked to come up with something unusual for a "breakfast club" radio show here, chef Joseph Claro of the Hotel Lox-Plaza produced a 30-pound apple pie containing almost a bushel of apples.

Ex-U.S. Pilot Denies Plot To Slay Castro

HAVANA (AP)—Alan Robert Nye was reported today to have denied that he had confessed to plotting to assassinate rebel leader Fidel Castro.

The 31-year-old former U.S. Navy pilot from Whiting, Ind., reportedly made his denial to U.S. Vice Consul Hugh Kessler in an interview with him Thursday. Kessler declined to confirm the report.

Police headquarters also had no comment. High revolutionary police and military officials met until late Thursday night discussing Nye's case.

The rebels arrested the American six-footer as he marched in their ranks in Oriente Province Dec. 26, five days before ex-president Fulgencio Batista fled and Castro's revolution triumphed.

Brought to Havana after the rebel victory, he told newsmen Monday that he was not involved in any plot against Castro but had wanted to fight for the revolutionary cause.

Granted Execution Stay

MARIETTA, Ohio (AP)—Louis Niday, 30, of Belpre, sentenced to die in the electric chair Feb. 18, has been granted a 120-day stay of execution by the Fourth District Court of Appeals. He was convicted of the Aug. 23, 1958, fatal shooting of Mrs. Florence Cowdery.

3 Adult Courses Set At Beaver Local High

Three adult education courses at Beaver Local High School will start next week. Lee Kirkland, principal, announced today.

Instruction in golf, for which 15 are registered, and office practice, in which 11 are enrolled, will start Wednesday night at 7. Sewing instruction, for which 11 are signed, will begin Tuesday night at 7.

No other courses will be offered because of lack of sufficient registration, Kirkland said.

Ohio Township

Daniel Baker, chairman of the Ohio Township Water Authority, attended the meeting of the Fairview Grange Tuesday night in the Grange Hall and advised the members on the best procedure to obtain water lines for the township.

The Grange will help with the project as a community service project, it was decided.

Earl Sherman, master, presided. Mrs. Charles Brucker, home economics chairman, announced an auction and covered dinner will be held Feb. 21.

A silver anniversary celebration will be held Tuesday for Mr. and Mrs. Andrew Lucas and Mr. and Mrs. H. A. Leonard.

The Men's Club will sponsor a dance Wednesday.

Brucker, George Hendricks and Charles Brucker met with a committee from the Ohio Township volunteer fire department to arrange for the fireman's carnival

to be held on the Grange grounds in June.

The ways and means committee will sell pepper and clothes hanger covers as a project.

Mrs. Joseph Mikesell won the valentine game. Sack lunches were exchanged among the members. Mrs. Helen Smith and Mrs. Mable Henderson were hostesses. Mrs. Mary Franke, a member of Central Grange in Potter County, was a guest.

Mrs. Earl Sherman will be in charge of the program at the Grange meeting Feb. 17.

MIRACLE MEDICINES

-Everyone!

Recent discoveries of medical science work miracles of cure, it is true, but in the broad definition of the term, every prescription that relieves pain or restores to health is a "miracle drug" to its user. As pharmacists, we specialize in these man-made "miracles" by dispensing prescribed medicine with professional skill whether the prescription calls for the newest drug or one as ancient as Pharmacy.
